

JURY IN STEVENS CASE IS STILL OUT

Hope of Verdict Being Returned in Criminal Suit is Not Given Up, However.

ROBERT SHIELDS FINED \$50

Also Sentenced to Jail For 30 Days For Running "Blind Tiger" Near Carthage.

The jury in the case against Omar Stevens, charged with assault and battery with intent to kill George Hoffman was still out at three o'clock this afternoon, but court attaches had not given up hope for a verdict.

Shortly after the jury went out, Robert Shields appeared in court and entered a plea of guilty to a "blind tiger" charge and was given the minimum sentence of \$50 and thirty days.

The Stevens case went to the jury at 11:30 o'clock this morning following one and one-half hours argument on each side, making a total of three hours argument. The first argument was made last evening and continued this morning.

The case was very little different from that of Manford Stevens. The greatest difference was the attacking of the injured party's character in the case just tried.

Shields, who pleaded guilty to running a "blind tiger" was arrested several months ago at a camp he was operating on Blue River, north of Carthage. A large amount of bottled beer was found at the camp in the raid conducted by Sheriff Cavitt and the marshal of Carthage.

Shields immediately after entering his plea of guilty started serving his jail sentence of thirty days. The fine will likely be paid before his sentence expires. The raid on the Shields camp was made after a number of Carthage citizens complained regarding his camp, alleging that liquor was being sold there. At the time, of the raid several men were found playing cards at the camp but there was no gambling.

The last of the cases against Thomas Bottorff, alleging conversion of funds in connection with the Enterprise Milling Company at Mil-

FAMOUS ROAD CASE IS DISMISSED TODAY

Suit Involving Contest For Office of Road Supervisor is Taken Off The Docket

ORA CLINE WILL PAY COSTS

The famous case of Ora Cline against James Shanahan and William Dagler, involving a contest for the office of road supervisor, was dismissed today in circuit court on an appeal from the commissioners court and since that time the legislature has abolished the office of road supervisor, leaving nothing over which to judge.

The case was a real sensation when first filed and tried. Cline alleged he was "counted out" in the road election and alleged that he was rightfully elected. The office was given to Shanahan on the returns from the road district election. Cline then brought suit against Shanahan and Dagler. Mr. Dagler was also a candidate, running third in the election. A recount of the vote in the office of the trustee showed Shanahan elected by the vote recorded by the election inspector. The contest was a fight between the north and south half of the road district. Shanahan has been serving as supervisor since the election and will not serve until his office is automatically abolished by the law this fall.

RECEIVES A CAR OF COAL

County Has Another on Way, Removing Danger of Fuel Shortage

The county has received one car of coal and another is on the way so that all fears of a shortage of fuel for the court house and jail are now past. The county several months ago advertised for bids on coal and failed to receive any consideration from the coal barons. The commissioners, seeing that coal was a necessity, authorized the purchase of the product in the open market and two cars were obtained from Richardson and Son of Terre Haute. The government price of \$2.10 was paid, which with a ninety cent freight rate placed the coal here for \$3.00.

STILL TRYING TO GET OUT OF CAMP TAYLOR

Michael Ansberry Writes District Board Calling Attention to Mistake he Made in Registering.

GARY SENDS BIRTH REPORT

Michael Ansberry, one of the selectives now at Camp Taylor from this county, is continuing his efforts to get out of the camp on the grounds that he made a mistake in his age when registering for the selective draft and gave his age as 30 when it should have been 31.

Ansberry has written the district board and the district board in turn wrote A. L. Gary, local agent for his side of the case. Ansberry claims that he accidentally gave his age wrong and if it is determined his age is thirty-one then he would escape service. Ansberry discovered his mistake shortly after registering, but there was nothing the local board could do for him.

Mr. Gary in his communication to the district board on the case sent a copy of the records of Ansberry's birth which show he is 31 years old, or was thirty-one at the time he registered. What the district board will do is not known, but it would not be surprising if he was granted a discharge.

PFAFF CONCERT IS TO BE HELD TUESDAY

Red Cross Benefit Once Postponed Will Take Place at Main Street Christian Church at 8 P. M.

CONCERT TOUR TO FARGO, N. D.

The concert by Miss Rosemary Pfaff of Indianapolis, which was to have been given September 25, for the benefit of the Red Cross, but was postponed, has been announced for next Tuesday evening at the Main Street Christian church at eight o'clock. The concert was called off because of the illness of Miss Pfaff. A large number of tickets were sold and it was stated at the time the concert was postponed that these tickets would be good whenever the concert was held. All proceeds above the actual expenses will go to Rush county chapter of the Red Cross.

Since the original date of her concert here, Miss Pfaff has filled an engagement at Fargo, North Dakota, where she was highly praised. She appeared before a large audience and many complimentary articles concerning her appeared in Fargo newspapers. Miss Pfaff will be assisted here by her father, Mark Pfaff, a humorist reader.

BULLETIN

Amsterdam, Oct. 10.—Both majority and minority socialist parties voted today against a vote of confidence in Chancellor Michaelis, according to a Berlin dispatch.

BOND DRIVE WAS UNDER WAY TODAY

Many Committees Started Canvassing This Morning and Others Postponed Work

WEATHER WAS DISAGREEABLE

Ideal Time to Find Farmers at Home, However—Suggestions For Special Campaign Days

The canvassing campaign to sell Rush county's quota of bonds of the Second Liberty Loan of 1917 was in progress today. Although the weather was extremely unfavorable, reports were received by A. L. Gary, chairman of the County Council of Defense, of several committees in various parts of the county starting on their rounds this morning to see everyone in the territory assigned to them.

Though the day was disagreeable, especially for traveling about over the county, conditions were right to find farmers at home, it was pointed out. The rain made it impossible for farmers to do much on the farm and there was a prospect of most of them being found at home.

Reports received at noon were that some of the city committees were at work, but not all started this morning. Some postponed the canvass until tomorrow, hoping the weather would be more favorable, and others found it impossible to go today, but expected to try it tomorrow.

S. F. Stewart, principal of the high school, and Douglas Morris, will be the Four-Minute-Men speakers at the Princess and Gem theaters tonight. T. M. Green and H. E. Barrett spoke at both theatres last night. This campaign is very helpful, men behind the Liberty Loan Bond sale here believe. All of the Four-Minute-Men have received the closest attention at the theatres. Their speeches are all limited to four minutes, but in that time they present a wealth of acts provided by a special committee at Washington, which reveals the value of the government bond as an investment as well as the necessity of everyone who can buy a bond to help in the prosecution of the war against Germany.

An additional canvassing committee reported today, making the committees complete in ten of the twelve townships in the county. The latest one to report was that for Washington township. It is composed of the following: Dr. C. L. Smullen, chairman; David Kirkpatrick, Jacob Gross, Henry Knotts, E. L. Aiken, Amos Glidden, D. E. Hollowell, Thomas Martin, Charles Elwell, Charles Bateman and A. O. Gordon.

The publicity committee of the Liberty Loan organization in the seventh federal reserve bank district, has sent to the local organization a number of suggestions regarding publicity for the Liberty Loan. One calls attention to the fact that Friday is Columbus Day, a national holiday, and should be used in every way possible for the furtherance of the Liberty Loan campaign.

It is pointed out that Sunday, October 21 has been set apart by the authorities at Washington as Liberty Loan Sunday throughout the United States. It is urged that a local committee be appointed to arrange for the clergymen of all denominations to preach Liberty Loan sermons on that date.

Wednesday, October 24, has been officially designated as "Liberty Loan Day." It has been suggested that this day be used for big mass meetings, parades, public demonstrations, etc. The five days from Saturday, Oct. 20 to Thursday, Oct. 25 are the dates officially set apart for the Boy Scouts Liberty Loan campaign. Scout Masters here will receive direct notification.

TRIED TO HAVE U. S. RAILROAD WRECKED

Germany's General Staff Also Plotted to Ruin Factories Supplying War Munitions

CORRESPONDENCE IS PUBLIC

Another Telegram Bernstorff Sent in September, 1916 For Support to Sway Congress

(By United Press.)

Washington, Oct. 10.—Germany's general staff in furtherance of its campaign of world dominance sought in 1916 to have the Canadian Pacific railroad wrecked at several points. Again it plotted against the United States and Canada to ruin factories supplying munitions of war.

These two new points in Germany's ruthless system of intrigue were brought to light today by the state department in correspondence forwarded to the Teutonic envoy Bernstorff in January 1916.

At the same time the department published a third telegram Bernstorff sent his foreign office in September 1916, declaring that the embargo conference, planning to sway congress to the side of Germany needed "further support."

The first new message shows the Irish traitor Sir Roger Casement provided the names of men who could give interest on the subject, including Jeremiah O'Leary, Irish propagandist.

The German ambassador was ordered to provide necessities for the Canadian Pacific railroad work and that he did so is found in the fact that many tunnels on that line were wrecked early in 1916.

Berlin warned the ambassador that he was not to compromise himself and Bernstorff informed the foreign office there was no danger of his being involved in the work he had underway.

The first message signed by Foreign Secretary Zimmerman said:

"General staff desires energetic action in regard to proposed destruction of Canadian Pacific at several points with view to compell a protracted interference of traffic."

The state department gave out the following statement:

"The secretary of state publishes the following two telegrams from the German foreign office to Count von Bernstorff in January, 1916:

"January 3.—Secret. General staff desires energetic action in regard to proposed destruction of Canadian Pacific railway at several points with a view to complete and protracted interruption of traffic. Captain Boehm, who is known on your side and is shortly returning, has been given instructions. Inform the military attache and provide the necessary funds."

"ZIMMERMAN."

"January 26.—For military attache: You can obtain particulars as to persons suitable for carrying on sabotage in the United States and Canada from the following persons: (1) Joseph MacGarrity, Philadelphia, Pa.; (2) John P. Keating, Michigan avenue, Chicago; (3) Jeremiah O'Leary, No. 16 Park Row, New York."

"One and two are absolutely reliable. No. 3 is reliable, but not always discreet. These persons were indicated by Sir Roger Casement. In the United States sabotage can be carried out on every kind of factory for supplying munitions of war. Railway embankments and bridges must not be touched. Embassy must in no circumstances be compromised. Similar precautions must be taken in regard to Irish pro-German propaganda."

"Representative of General Staff."

"The following telegram from Count Bernstorff to the foreign office in Berlin, was sent in September, 1916:

"September 15.—With reference

ABSORB M'CONNELL STORE

Three Local Drug Firms Buy Stock And Fixtures go to Plainfield

The McConnell drug store, which was closed over a month ago, has been absorbed by F. B. Johnson and company, Hargrove and Mullin and Pitman and Wilson, three local drug firms, it was announced today. The Keifer-Stewart Drug company which had the stock in charge, has sold the fixtures to a druggist at Plainfield, whose store was recently burned. The Keifer Stewart company sold the McConnell stock to the three drug firms here.

COUNTY MEETING TO BE HELD AT MILROY

Odd Fellows Will Gather Saturday Evening For Visit of Grand Master of Indiana

A. A. SPEARS WILL MAKE TALK

District Deputy A. E. Newhouse of the Odd Fellows lodge of this city has completed arrangements for a county meeting of Odd Fellows at Milroy Saturday night. The county meeting was arranged at the solicitation of A. A. Spears, grand master of Indiana, who is desirous of visiting every county in the state before his term expires in November. All of the Odd Fellow lodges in the county will participate and the main feature of the meeting will be an address by Mr. Spears. The meeting, while primarily for Odd Fellows, is open to the public and a large crowd is expected.

The committee from the Milroy lodge in charge of the arrangements follows: Dr. C. S. Hoagland, Worth Kelly, C. C. Richey, Golda Carr, William Ruddle and Abe Lyons.

Owing to the short notice it has not been possible formally to invite the different lodges of the county, but it is expected that the members will avail themselves of this opportunity to meet the grand master of the state.

BRITISH ADVANCE! TROOPS PUSHED BACK

Several Other Powerful German Attacks Are Repulsed, Official Statement Says

YESTERDAY'S BLOW SUCCESS

London, Oct. 10.—Powerful German counter attacks pushed British advance troops back a short distance on a front of 2,000 yards south of Ypres railroad, Field Marshal Haig reported today. Several counter attacks, however, in the neighborhood of the Ypres-Staden railway were repulsed.

The blow struck by the British and French forces yesterday against a wide part of the German defenses between the Houtholst forest and Broodseinde has resulted in another great success. Over much of this front the attacking troops swept forward to a depth of 1,200 yards or more, overrunning many important strongholds of the shattered enemy.

In the afternoon the allies were digging in almost on the outskirts of Houtholst forest, the British were beyond Poelcappelle after sanguinary hand-to-hand fighting and farther south they had gained the Passchendaele ridge within less than 1,000 yards of Passchendaele, thereby wrenching away almost all that remained to the Germans of their famous Passchendaele-Gheluvelt ridge system of fortifications. Again the German losses have been great and reports from all along the line indicate that their organization and morale were hit hard.

WHITE SOX SHUT OUT BY NEW YORK

Giants Come Back to Life in Third Game of Series Winning by Two to Nothing Count.

BENTON WINNING PITCHER

Cicotte, Who Won Opener, Goes Down in Defeat When Hammered For Eight Hits.

BULLETIN

Polo Grounds, New York, Oct. 10.—The Giants won the third game of the world series from Chicago today 2 to 0. Cicotte pitching for Chicago was touched up rather freely by the Giants while Rube Benton pitched great ball for McGraw's men. The Giants counted twice in the fourth inning. In the first and second frames they threatened to score having men as far as third both times. The score by innings:

R H E
Chicago 0 0 0 0 0 0 0 0—0 5 3
N. York 0 0 0 2 0 0 0 0—2 8 2

By H. C. HAMILTON
(U. P. Staff Correspondent.)

Polo Grounds, New York, Oct. 10.—Under a sunless sky the White Sox and Giants clashed today in their third game of the world's series. The batteries were: New York—Benton and Rairden; Chicago—Cicotte and Shalk.

The band stationed behind third base helped keep up the pep for the weather was more suitable for football than baseball. When the Giants appeared on the field at 12:20 they were given a great reception by the crowd which filled the stands. Benny Kauff and Hinnie Zimmerman who were roughly treated in Chicago were given an exceptionally hearty cheer by the home folk.

The White Sox were given nearly as warm a reception when they appeared half an hour later. The stands filled slowly but shortly before time for the game to start it looked as if a capacity crowd of 35,000 were present. The White Sox wore their home uniforms but the Giants were dolled up in freshly washed white uniforms. The field appeared somewhat heavy. All water had been drained off but the base lines were soggy.

Mayor Mitchell was given a warm reception when he walked on the field fifteen minutes before the game started.

FIRST INNING
Chicago—J. Collins fouled out to Rairden; McMullin fanned. E. Collins singled to center. Jackson out, Benton to Holke. No runs, one hit no errors.

CAMP TAYLOR MEN TO GO TO ARKANSAS

About 3,000 Will be Sent to Little Rock to Make Room For Colored Troops at Louisville

TO FORM RAINBOW DIVISION

Washington, October 10.—All Indiana colored men selected for service in the national army will be trained at Camp Zachary Taylor, at Louisville, it was learned, along with the colored men from Kentucky and that part of Illinois included in the Camp Taylor district, caused by the sending of the 3,000 colored men there, will be sent to a new divisional training camp at Little Rock, Ark., where with men from other camps over the country, they will form a "rainbow division" of the national army.

The whites to be sent south probably will number 3,000, and will include a number of men from Indiana.

Orders were issued today for a general change in assignments for white troops.

CAMP SHELBY IS IN CORN FUTURES FALL FRONT ON WAR LOAN OFF ABOUT 6 CENTS

News From Washington Pleases
Soldier Boys Who Have Sub-
scribed to Liberty Bonds

LEADS LIST WITH \$116,400

Strict Quarantine Few Cases of
Disease to One Regiment at
Hattiesburg—Camp News

Hattiesburg, Miss., Oct. 10.—The news from Washington that soldiers at Camp Shelby are leading all other army camps in subscriptions to the Second Liberty Loan of 1917 has been received with great hilarity at the camp. Washington report says that total subscriptions at Camp Shelby amount to \$116,400 and that the second highest amount subscribed at any camp is \$53,600, at Fort Riley, Kansas.

A hopeful statement as to the presence at Camp Shelby of communicable diseases, which led to the One Hundred and Forty-ninth Infantry Regiment being isolated from the rest of the camp, was made by Maj. Bayliss, in charge of the base hospital there.

Lloyd Ledford of Company L, One Hundred and Forty-ninth Regiment, the only soldier at the camp ill with meningitis, is doing well, Maj. Bayliss said, and there is a fair prospect of his recovery. Ledford's case is the second at the camp, the other having resulted fatally for Zack McDonald of the One Hundred and Forty-ninth Infantry Sunday night.

Maj. Bayliss said it was impossible to trace the source from which McDonald and Ledford contracted meningitis. He said the malady, though uncommon, was manifesting itself occasionally in all soldier camps.

Mumps and measles, from which some of the men in the regiment are suffering, are giving the health authorities at the camp much trouble, it was stated here. According to Maj. Bayliss's opinion, the men "brought" diseases with them, as some were ill when they detrained at camp. The communicable diseases have occurred only in the One Hundred and Forty-ninth.

The first death among the soldiers at Camp Shelby since the first arrival, occurred late last week at the Base Hospital, when Thomas Carroll, aged 24, a private in Company H, 150th Infantry, succumbed to an attack of lobar pneumonia.

Private Carroll had been ill for several days. He came to Camp Shelby from Camp Zachary Taylor, at Louisville. Private Carroll's home is in Willard, Ky., and his body was shipped there.

Several thousand French text books were received at Camp Shelby by the Army Y. M. C. A. These books will be used in the French classes for enlisted men, which are to be conducted by the association instructors in each building.

More than two thousand library books also have been received from Washington and will be distributed among the five buildings about the camp. Books to please men of all tastes are in the lot.

French classes for enlisted men started in the Y. M. C. A. buildings at Camp Shelby today. Competent instructors from the ranks and Mississippi schools will conduct the sessions. The classes already have been entered by a great number of soldiers.

A series of nightly band concerts, in which the military and regimental bands of the various organizations at Camp Shelby will furnish the music, have been started. The concerts will all be given in front of the general headquarters at the foot of the big flag staff and the bands will take turns in rendering patriotic and popular airs.

The following bands, in the order named, will give the concerts: 138th, 139th and 137th Field Artillery, 149th, 150th, 151st and 152nd Infantry and the 63rd Depot Brigade bands.

It was announced that the bands of the 1st West Virginia Infantry will, from now on, play the "Star Spangled Banner," each evening at the call "retreat," when the flag is lowered.

In addition to the band concert, moving picture shows were inaugurated by the Army Y. M. C. A. in

Decline in Chicago is Said to be Due
to Peace Talk—Cash Corn
Holds Steady.

HOG QUOTATIONS ARE LOWER

Prices on corn futures dropped off approximately six cents in Chicago today and the fall was said to be due to peace talk. Oats was steady to about a cent lower. Cash corn prices in Indianapolis, however, held steady and cash wheat was the same. Oats was steady.

Hog prices were lower in Indianapolis, losing all the gains of Tuesday. Early sales of the grades were \$19.10 to \$19.60. Receipts were 7,500, which is an advance of 3,000 over yesterday.

three of its club houses. These will be running in all of the five buildings completed and in each of the new ones under construction, as soon as they are ready.

Soldiers in town must now be a bit more punctilious as to dress. They must keep their coats buttoned all the way to the collar—every button that shows must be buttoned—even those on the pockets.

Up to this time a little "Button freedom" has been allowed. According to orders just issued at Camp Shelby, however, usual regulations as to dress will be rigidly enforced.

Seymour-Jackson county will have a bumper crop of corn this year, according to the statements of farmers near here. It is stated that two thirds of the total crops is already safe from the frost and that the rest only needs about two more weeks of favorable weather. Local dealers predict the local wagon price for corn will be at least \$1 per bushel. The highest price ever paid here for new corn.

They Fit the Curves

Artists agree that the perfect foot and ankle of woman possesses
a subtle grace which is very difficult to reproduce, even with a very
skilled hand.

These artistic curves are the foundation for beautiful style ef-
fects in shoes. Only those shoes which follow the curves unerringly,
be the design ever so beautiful, can impart the right style to the feet.

Our shoes are built over just such artistic lines and we have them
in endless varieties, in Browns, Tans, Blacks, and the Popular
Shades in two-tones with either high or low heels.

Shoes made of leather cost a little more than shoddy shoes, but
are much cheaper in the end.

—Among those from a distance attending the funeral of Mrs. Albert Johnson here today were Mrs. John Mahren of Indianapolis and Mrs. Ernest Spillman of Shelbyville.
—Mr. and Mrs. E. E. Griffith of North Jackson street returned this morning from Roswell, New Mexico, where they visited Mr. and Mrs. W. T. Simpson and son Claude. While there they, Mr. and Mrs. Simpson and son Claude and ten others made a two days tour of the White mountains by automobile, visiting the Mescalero reservation and driving within ten miles of Sierra Blanco, the elevation of which is more than 12,000 feet.

Amusements

The Gem offers William Russell in "Shackles of Truth," for the program tonight. It tells a thrilling story and answers the question of whether a man would risk his happiness with the girl he loves to protect his father's name and his mother's life. Russell's acting is the feature. Tomorrow Genevieve Hamper will be seen in the Fox feature, "Tangled Lives."

The Princess will show Ethel Barrymore, the famous actress in the feature picture, "The White Raven," for the program tonight. It is a thrilling story of the Yukon and many big scenes are shown. In addition, "Pathe News," will be shown. Tomorrow Earl Williams will be seen in the drama, "The Soul Master."

The first picture show of the season will be given Friday at the Graham Annex auditorium. The afternoon performance is for the school pupils only and the admission is to be one cent. At seven o'clock in the evening the public will be admitted for an admission of five cents. The first picture is entitled "Modern Farming." The second is "The Story of Two Pigs," showing the benefits to be derived from raising good stock. The last is a comic reel entitled "Fun at the County Fair."

Days Pickings

A marriage license was issued yesterday to Clarence C. Woods and Alta Grimes.
Mrs. McCollin has moved from 620 North Morgan street to her property, 721 North Morgan street.
There will be a pie social at the Circleville school house, Friday evening, October 19. Everyone is invited to attend.
Mrs. Ervin Shortridge of Falmouth underwent a serious operation at the Fayette hospital in Connersville yesterday.
Thomas Beach has been declared a person of unsound mind and is in jail awaiting his admission to the asylum at Madison.
The Sexton Christian church will hold an all day meeting next Sunday with a basket dinner at noon. All churches of the county are invited. The Rev. Moody Edwards, who is the pastor of the church, will preside over the meeting.
Sam Buckner, court house custodian is suffering from a broken rib sustained Sunday while making some plumbing repairs at the building. A heavy pipe wrench slipped and the end struck him in the ribs, fracturing one. He continued work and last night an investigation showed the rib broken.
Miss Mary Sleeth, librarian, has completed filling out the book plates with the names of Rush county people who donated \$245 as the Rushville library's quota of the war library fund and has forwarded them and the money to headquarters. The name of each person giving a dollar will be placed in a book going to the soldiers. It was remarked today, it would be a coincidence if a soldier from Rush county should get a book paid for by a Rush county person.

Is Married in Local Store
Where Sisters Were Wedded
Miss Sarah Kuntz, daughter of Mr. and Mrs. John C. Kuntz of north of Manilla, followed in the path of her two sisters when she was married this afternoon to Earl Theobald, son of Mr. and Mrs. George A. Theobald, of Shelby county, in A. P. Wagoner's piano store, in the room with the Poe Jewelry store. Two older sisters have been married in the same place on account of a friendship existing between Mr. Wagoner and the Kuntz family. The Rev. D. Ira Lambert of the First Presbyterian church performed the ceremony. The bride is a niece of Jacob Kuntz of this city.

EXAMINATION FOR CLERKS
A civil service examination for clerks with knowledge of stenography or typewriting, for both men and women, will be held here on November 2. Vacancies in clerical positions requiring some knowledge of stenography or typewriting in the departmental service in Washington, at salaries ranging from \$900 to \$1,200 a year, are to be filled from this examination. Anyone interested should see Clarence Cross, the local

secretary of the civil service commission. front tooth. Now he has filed charges against Tom Capony for \$500 alleging that he is unable to chew and maintain his food, and his mouth is permanently disfigured.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Things By Their Right Names

There seems to be a disposition in some quarters and by some people to whistle softly in the presence of people of German parentage, lest they become offended at aspersions upon their people and their practices. Many will even apologize for the action of this country in prosecuting the war, and will lightly pass over the atrocities committed by the German forces, that have shamed the right thinking peoples of the earth.

This week-kneed, pussy-footing attitude is unworthy any American. First, because every intelligent person who has given the question even the most casual study must know that this country is in the right, and that her quarrel is the quarrel of the people of the earth. The United States could never look the world in the face had she refused to take up the gauge of battle when William of Germany cast it at our feet.

Loyal Americans will condemn the practices of not only the German Kaiser, but of his troops as well. The world is a unit in the condemnation of the ruthless submarine activity. The ferocity with which this is prosecuted is unworthy the darkest days of the middle ages.

The world condemns the savagery of the German attacks on hospital ships, on field hospitals and on innocent non-combatants generally. There is no other name for their acts save inhumanity. Be it said to the everlasting credit of the allies, no such actions have stained their records.

We repeat that there is no call for pussy-footing when these things are mentioned because, forsooth, your bearer may have German blood in his veins. German blood is plentiful in America, and much of it is among the most loyal. That part which is not loyal is simply disloyal, and that is all there is to the matter. And furthermore, this country has no quarrel with German blood or with German people, except so far as they uphold and abet the German government.

Every American should get this important fact: We are fighting for a principle of everlasting right and against a practice of everlasting wrong. That the German nation happens to be in the wrong is no reproach to the millions of that blood who are not only among us but of us. Once their loyalty is demonstrated, it should be accepted in full faith. On the other hand, if their loyalty is of the right brand they will recognize the faults of their kinsman, and while possibly not disclaiming those kinsmen, they most

DOWN AT OLD FT. MORGAN

James R. Hood of this city, now a member of the quartermasters corps at Fort Morgan, Alabama, has written a poem which he forwards to the Daily Republican for publication. It follows.

No more ham and eggs or grape fruit

When the bugle blows for Chow

No more apple pie or dumping

For we are in the Army now,

And they feed us beans for breakfast

fast

And noon we have 'em too

And at night they feed us weiners

With a good old Army stew.

No more fizzes, beer or highballs

When we get that awful thirst.

If your thinking of enlisting

Best get used to water first;

For the lids on tight all over

And the drilling makes us warm

But we can't cool off with liquor

'Cause we wear the Uniform.

No more shirts of silk or linen

We all wear the O. D. stuff.

No more night shirts or pajamas

For our pants are good enough.

No more feather beds or pillows

But we're glad to thank the Lord

That we got a cot and blanket

When we might have a board.

For they feed us beans for breakfast

And at noon we have 'em too,

And at night they fill us soldiers

With a good old Army stew.

But by Jings we'll lick the Kaiser

When the Captain tells us how.

For hang him he's the reason

That we're in the Army now.

MR. JAMES R. HOOD.

Quartermaster Corps
(Fort Morgan, Alabama.)

certainly will disclaim any sympathy with them or their ambitions, especially with their acts.

Let's get this thing right on the start. We have no apology to make for our actions. This country is in the right, and those who do not like her course are at liberty to take themselves and their objections to some other country—which would be the most decent thing they could do.

The Labor Problem

At 12 o'clock on the night of September 8, the manufacture of intoxicating beverages was ended in the United States. Distilleries all over the land drew their fires and closed their doors. Thousands of men were put out of employment, and millions of dollars worth of equipment must be diverted to other uses. And in connection with it all there is one significant fact that must strike us forcefully when we come to consider it.

Just one instance: Peoria, Ill., a large whiskey center, announces that the 1,500 or 2,000 men thrown out by the closing of the distilleries will be taken care of at once in other lines of work—that she has need for the services of every one of them. Similar word comes from many other whiskey producing centers.

When a great industry such as this can cease all at once without any appreciable disturbance of labor conditions, the fact should set us to thinking, and thinking deeply.

What of the supply of labor in the year that is before us? It is perfectly apparent that the great business of the country must be kept going if this country is to finance the allied countries, as she has undertaken. With more than a million of her best workman drawn to the colors, a re-dedication to labor is imperative on the part of that class that from one cause and another has heretofore dropped out of the ranks of the workers.

It is all right to say to the farmer, "You must produce greater crops," but if he hasn't the force to manage his teams and implements we are asking of him an impossibility. And so in all other lines.

There is but one answer: All who can, must work, not because they need the proceeds of their labor, but because the country needs their labor.

There is absolutely no room in this country now for the men who can work, yet who will not.

Down with the work slacker!

Prosperity, it is said, is causing a shortage of one dollar bills. We had noticed it, also a shortage of two dollar bills, and five dollar bills, and ten dollar bills, and several other denominations.

We're positively willing to make it a

Farm of 73 Acres at Auction! Tuesday, October 23rd

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained, every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

TERMS—When bid off you will be required to pay \$3,000 in cash, or more if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you

Furnace comfort and efficiency at less than heating stove cost

EVERYBODY who has a house to heat should be vitally interested in this remarkable new hot-air heating system that costs very little more than any ordinary heating stove to buy no more to install, and much less to operate.

Estate Hot Storm

—the Stove with a
"Little Furnace in it"

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For the interior is utterly different from any stove you have ever seen; inside it is built like a hot air furnace.

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and then discharged—not through the flue and chimney, but through the top of the Hot-Air Chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple pipe connection.

Saved fuel pays for it

Only a very small percentage of the heat is allowed to escape up the chimney, for the Little Furnace blocks the upward rushing heat, absorbing it and throwing it back against the radiating surfaces of the stove proper. This results in an amazing saving of fuel—a saving so great that your Estate Hot Storm will soon pay for itself. And after that it will pay you.

All we ask you to do is to investigate the Estate Hot Storm—give us an opportunity to explain it to you—before you buy a stove of any kind. You owe it to yourself to do this.

HENDRICKS MAY LAND IN MAJORS

Manager of Indianapolis Team Likely to Get Better Job, According to Dope

WAS ONCE WITH NEW YORK

He Was in Bunch of Nineteen Players Canned When McGraw Took Charge

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New York, Oct. 10.—When John J. McGraw left the old Baltimore Orioles and came to New York to manage the Giants, the baseball world took considerable notice. McGraw went to the Polo Grounds, found a lot of alleged ball-players and immediately canned seventeen of them.

One of this seventeen was an outfielder who answered to the name of Hendricks and who ever since McGraw pointed out the New York exits to him has been a minor-leaguer, but most of the time a manager—one of the most successful in the history of baseball.

Hendricks is running the Indianapolis American Association club now for Jimmy McGill. McGill has been running in easy stages, from class B baseball right to the double A kind and every time a big league club looks like it is going to be put on the market Jim is picked as a likely buyer.

McGill got his first taste of base-

ball in Springfield, Ohio, in the Central league. He bought the Denver Western league club next and Hendricks became its manager. Hendricks made such a hit of winning pennants in the Western league that he almost discouraged every other manager there. He won just as fast as the seasons came around until McGill bought the Indianapolis franchise and took Hendricks along to higher company.

Hendricks and McGill stuck their heads into a peck of trouble their first year in Indianapolis, for the Indianapolis Federal league club was busy winning a pennant and supply some regular opposition for the gate. The next year, without the Feds they did a little better, and then came the present year. Jack got back into the habit of pennant winning. They gave him a battle out in the American Association, but he won his pennant and he did it without a 3.00 hitter on his club. Some day Jim McGill will buy a big league club and Jack Hendricks will be its manager. It's written in the stars.

MAJOR LEAGUES ARE CAUTIOUS

Small Number of Players Purchased by Draft Shows Uncertainty of Game.

MINORS WILL BE HIT HARD

Becoming More Apparent That Only Strongest of Smaller Leagues Will Survive.

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New York, Oct. 10.—The small number of minor league players drafted this year by the majors is an indication of the caution with which baseball is moving these precarious times.

Fear of that bigger draft, the United States army, the uncertainty of the game in 1918, and a dozen other things is injecting a spirit of go-easiness into the game it has never felt before.

The National Commission had taken steps to protect clubs drafting players when it announced that, in case a player was drafted for the army, he would be turned back to the club from which he was taken and the purchase price returned to the club drafting him, but, just the same, big leaguers and the smaller classes are taking few chances.

The same thing has been true of the number of players purchased. Many players promising enough for a trip to the big show, have been left in the minors this year simply be-

cause the big clubs didn't feel like taking chances.

This is only one more rock over which minor leagues must crawl before they can see their way to prosperous baseball next season. The sale of players always has been one of their principal sources of revenue.

As the year wears on it becomes more and more apparent that only the strongest of the small base ball classifications will be able to stand the strong-arm methods the war is using on their treasuries. Several leagues already have thrown up the sponge. The season just closed will be the end for many more.

When Harry Hempstead mystified every big leaguer in the country by drafting "Tanglefoot" of Grand Rapids, he became the first man to put one over on John E. Bruce. Tanglefoot, according to Hempstead, was the greatest fly catcher the world ever saw. The joke originated in the Polo Grounds where the fence surrounding the park bears a sign reading "Burns, New York, caught 267 flies in 1916. Tanglefoot, Grand Rapids, caught 50,000,000,000 flies." "Some fly catcher," figured Hempstead, so he put in a draft for the marvel and sent in a check to pay for him. The draft was official and will go into the records of the National Commission.

NOTICE TO NON-RESIDENTS

THE STATE OF INDIANA, RUSH COUNTY.
In the Rush Circuit Court Sept. Term, 1917.
Herschell E. Daubenspeck, Adm'r. Est. Harvey Daubenspeck vs. Maud Randall, Byron Daubenspeck, Jacob Daubenspeck.
Complaint No. 1349.

Now comes the Plaintiff, by Megee & Ross, attorneys, and files his complaint herein, together with an affidavit that said defendants, Maud Randall, Byron Daubenspeck and Jacob Daubenspeck are not residents of the State of Indiana; that said action is for petition to sell real estate to pay debts and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendant last named, that unless they be and appear on the first day of the next term of the Rush Circuit Court, to be held on the 3d Monday of November, A. D. 1917, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in their absence.

Witness my name and the Seal of said Court, at Rushville, this 2d day of October, A. D. 1917.

GEO. B. MOORE, JR., Clerk.
Oct-10-17-18

NOTICE OF DITCH LETTING.

Notice is hereby given that the Trustees of Pease Township Rush County, Indiana, will at Arlington on

THE 18th DAY OF OCTOBER, 1917,
at 1:00 o'clock p. m., receive bids for the improvement by cleaning and repairing the following ditch:

Hackleman and Price Tile Ditch.

Plans and specifications are on file in my office showing the number of cubic yards of excavation, where excavation is necessary, and work to be performed in making such repairs, by sections of one hundred feet.

The successful bidder shall, within 5 days, be required to enter into a contract and give bond with two fresh and sureties in a sum not less than double the amount of the contract so awarded.

FLOYD WOODS,
Trustee of above-named Township.

Society

Miss Ethel Oakley was hostess to the members of the B. N. club and several guests last evening at her home in North Perkins street. The pretty table where the elegant supper was served was attractively laid with nine guests; the places were marked with white candles hooded with pink shades. Pink and white ribbons extended from the French basket in the middle of the table to each of the plates. When these ribbons were drawn from the basket, a small folder was revealed, which announced the engagement of Miss Anna Gessler and Albert Sweet, whose marriage will take place October 28. All of the appointments of the dinner were carried out in the same chosen color scheme of pink and white. The guests were Mrs. Nan McIntyre, Miss Maud Smith, Mrs. Charles Hearst, Miss Sylvia Lakin, and the club members present were the Misses Mayme Kuntz, Elinor Doll, Anna Gessler, Effie Young and Ethel Oakley. Miss Effie Young will entertain the club in two weeks.

Hosts of dainty colored dahlias adorned the home of Mrs. Powell of Falmouth yesterday afternoon, when she entertained twelve members of the Glenwood Sorosis club and one guest, Miss Stella Shortridge. The roll call was responded to by the names of favorite birds. Mrs. Newhouse read a paper on the "Conservation of Birds and Animals." A general discussion concluded the afternoon and the hostess served delicious refreshments. October 23 is set for the date of the next meeting, at which time Mrs. Britt will entertain the club.

Miss Hilda McKee entertained with an informal party at her home in North Willow street, last evening honoring Hines Hogsett and John Kennedy, who left today for Camp Funston, Fort Riley, Kansas, and for Fred Beale, who is here on a furlough from Charleston, South Carolina. The guests were entertained with cards and refreshments were served. The Misses Hilda and Marie McKee, Hazel Flodder and Mayme Mullins, Hines Hogsett, John Kennedy, Rex Readle and Fred Beale were the guests who enjoyed the delightful affair.

The Ladies Aid Society of the Methodist church, which was entertained by Mrs. Frank Hackleman yesterday afternoon at her home in North Morgan street, was marked with a large attendance, about forty members being present. Plans for the coming winter were discussed and arrangements made to have a penny supper in the near future. Mrs. Hackleman and the assistant hostesses, Mrs. Sarah Ball and Mrs. Leonard Clark served dainty refreshments.

Mr. and Mrs. Homer Havens entertained with a high noon dinner yesterday at their home in North Perkins street, honoring a number of out-of-town guests. Masses of fall flowers brightened the pretty home. The elegant dinner was served in three courses and covers were laid for Miss May Bliss, Mrs. Brower and Mrs. McKinney, of Indianapolis, Joe McDowell of Cuba and Dr. and Mrs. Will C. Smith and family and Mr. and Mrs. Will Bliss.

Mr. and Mrs. Frank Powers entertained a party of relatives and friends today at the Milroy Hotel. The guests included: Mr. and Mrs. Boone Power and John Power of this city, Mr. and Mrs. Emory Power, Mr. and Mrs. George Power, Mrs. Jennie Power, Mrs. Martha Power, Dr. and Mrs. W. T. Lampton and family and Mr. and Mrs. J. B. Ponyes.

The Missionary society of the Sexton Christian church held their October meeting with Mrs. Elsworth Kiser Tuesday afternoon with Mrs. Fred Oldham as leader. An interesting program was carried out.

PNEUMONIA

First call a physician.
Then begin hot
applications of—

VICKS VAPORUB

Five guests were present at the meeting and the hostess served refreshments. The November meeting will be held with Mrs. Earl Grubbs.

Mrs. James V. Young entertained with an informal card party yesterday afternoon at her home in East Seventh street. Mrs. Joe Brune of Cincinnati, who is the house guest of her sister, Mrs. George Greisser, was the only out-of-town afternoon over Bridge and the hostess served a delectable salad course to the twenty-four guests, who were present.

About twenty-five neighbors surprised Mr. and Mrs. Earl McKee last evening at their home in Raleigh. Mr. and Mrs. McKee will move to a farm near Raleigh this week. A tempting pitch-in supper was served. The guests were entertained with cards throughout the evening.

The Woman's Home Missionary society of the Methodist church will meet with the president, Mrs. John Jordan, tomorrow afternoon at her home in North Main street.

CELEBRATEE OPENING OF THE NEW HIGHWAY

Morristown Has Big Day With Band
Concert, Balloon Ascension and
Athletic Events

BOTTLE OF WATER IS BROKEN

Morristown, Ind., Oct. 10.—The business men and residents of this place today celebrated the opening of a new concrete highway that has been constructed through the northern part of Shelby county. The road is a main artery of trade.

The celebration opened at 9:45 o'clock with a parade, headed by The Indianapolis News Newsboy's Band. Miss Mae Smith, of the high school, broke a bottle of water from the famous artesian well of Morristown on the highway as a formal token of the completion. Albert F. Wray of Shelbyville, county attorney, accepted the road in behalf of the county.

Athletic contests and a balloon ascension provided amusement for the crowd during the afternoon.

FIRST DEATH OF A HOOSIER

Harry Blasie, Battery F Cook,
Drowned at Camp Shelby.

Hattiesburg, Miss., Oct. 10.—The first death among the Indiana troops occurred late Tuesday afternoon when Harry Blasie, a cook of Battery F, 139th Field Artillery, was drowned in Leaf river, four miles from Camp Shelby. He went to the river to fish and fell into the water when reaching for some minnows. The water was very deep and the current strong. Fifty men spent the night searching for the body. He enlisted from Indianapolis in Company K of the 4th Infantry.

MURDERS WOMAN; A SUICIDE.

NEW COALITION CABINET.

(By United Press.)
Petrograd, Oct. 9.—Premier Kerensky today announced the completion of the new coalition cabinet. All newly announced ministers have been members of other cabinets under provisional government.

Evansville—Grief over the departure of his master for the training camp, caused the death of Duke, the old hunting hound of Chester Nau, of this city. Duke could not stand the separation, and gave up hope after searching for his master for a week.

A Letter From Washington

The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."

The following recipes for Corn Bread and Rye Rolls save wheat flour and make attractive and wholesome food for every day when made with

ROYAL BAKING POWDER

CORN BREAD

1 1/2 cups corn meal
1/2 cup flour
4 level teaspoons Royal Baking Powder
1 tablespoon sugar
1 teaspoon salt
1 1/2 cups milk
2 tablespoons shortening

Mix thoroughly dry ingredients; add milk and melted shortening; beat well; pour into well greased pan and bake in hot oven about 25 minutes.

RYE ROLLS

3 cups rye flour
1/2 teaspoon salt
3 level teaspoons Royal Baking Powder
3/4 cup milk
1/2 tablespoon shortening

Sift dry ingredients together, add milk and melted shortening. Knead on floured board; shape into rolls. Put into greased pans and allow to stand in warm place 20 to 25 minutes. Bake in moderate oven 25 to 30 minutes.

Our red, white and blue booklet "Best War Time Recipes" containing additional similar recipes sent free on request. Address Royal Baking Powder Company, Dept. H, 135 William Street, New York.

WHITE SOX ARE SHUT OUT BY NEW YORK TODAY

Continued From Page 1
New York—Burns fanned. Herzog flied to Felsch. Kauff was safe at second when J. Collins dropped his high fly. Zimmerman made an infield hit, Kauff going to third. Fletcher forced Zimmerman, McMullin to E. Collins. No runs, one hit, one error.

SECOND INNING
Chicago—Felsch fouled to Holke. Gandil fouled to Holke. Weaver singled to left center. Weaver stole second when Fletcher dropped Rairden's throw. Fletcher was given an error. Schalk flied to Burns. No runs, one hit, one error.

THIRD INNING
New York—Robertson singled to right, Holke forced Rairden, E. Collins unassisted. Rairden singled to center, Holke taking third. Benton flied to Felsch and Rairden took second on the throw in. Burns fanned. No runs, two hits, no errors.

Chicago—Cieotte fouled to Rairden. J. Collins out, Zimmerman to Holke. McMullin fouled to Rairden. No runs, no hits, no errors.

CORN CROP WILL BE BIGGEST ON RECORD

Field Agent Makes This Prediction If There is No Killing Frost Before Oct. 20

MONTHLY CROP REPORT MADE

Estimates Also Disclose That Wheat Crop in State is Much Larger This Year

If there is no killing frost before October 20, according to the prediction of George C. Bryant, Indiana field agent, Indiana this year will produce probably the largest corn crop on record in the state. The monthly weather and crop report for the state has just been issued.

There was a heavy frost here Monday night, but the corn was far enough advanced not to be damaged by it. It is stated by farmers, however, that the frost dried up the fodder so that it is no longer of any value.

The Indiana crop summary says that "the weather for September was favorable to nearly all crops as a whole, although the temperature was slightly below normal. A killing frost occurred on the morning of the 11th in the north and east-central sections of the state doing considerable damage to corn and other crops in low and muck ground. Precipitation was generally deficient and the greater portion fell during the first week. While the soil in some localities is quite dry fall plowing and seeding is progressing very satisfactorily."

High ground corn was damaged but little and in the central and south parts of the state there was practically no frost damage. The crop as a whole, however, is from 10 to 20 days late, but will mature one of the best and largest crops the state has ever produced if no killing frost occurs before October 20. But little damage has been reported from insects or storms and much of the frosted corn has been saved by putting it into silos.

"The oats yield is considerably above normal and the quality good although some are slightly stained. The early crop of potatoes was exceptionally good, but the late crop was struck by frost in some sections and will not be as large as was anticipated. In the dark district the tobacco crop is one of the best in years. The barley crop is not so good however. Unfavorable weather and poor plants reduced the barley very materially. Cold weather at blossoming time, and blight, blotch and codling moth have reduced the apple production very materially. Only the orchards where modern methods of spraying were used will have a marketable crop this year."

The October crop report, giving estimates on all important crops and a comparison with last year, is as follows:

Corn

Indiana:—Oct. 1 forecast, 206,000,000 bushels; production last year (December estimate), 174,658,000 bushels.

United States:—Oct. 1 forecast, 3,210,000,000 bushels; production last year (December estimate), 2,583,241,000 bushels.

All Wheat

Indiana:—Preliminary estimate 31,588,000 bushels; production last year, (December estimate), 19,440,000 bushels.

United States:—Preliminary estimate, 660,000,000 bushels; production last year (December estimate), 639,886,000 bushels.

Oats

Indiana:—Preliminary estimate, 76,400,000 bushels; production last year, (December estimate), 52,500,000 bushels.

United States:—Preliminary estimate, 1,580,000,000 bushels; production last year (December estimate), 1,251,992,000 bushels.

Rye

United States:—Preliminary estimate 56,044,000 bushels; production last year (December estimate) 47,383,000 bushels.

Tobacco

Indiana:—Oct. forecast, 13,400,000 pounds; production last year (December estimate), 13,764,000 pounds.

United States:—Oct. 1 forecast, 1,240,000,000 pounds; production last year (December estimate), 1,150,822,000 pounds.

Potatoes

Indiana:—Oct. 1 forecast, 8,870,000 bushels; production last year (December estimate), 3,256,000 bushels.

United States:—Oct. 1 forecast, 453,000,000 bushels; production last year (December estimate), 285,437,000 bushels.

All Hay

Indiana:—Preliminary estimate, 3,077,000 tons; production last year (December estimate), 3,403,000 tons.

United States:—Preliminary estimate 92,000,000 tons; production last year (December estimate) 109,786,000 tons.

Apples (Agricultural Crop.)

Indiana:—Oct. 1 forecast, 1,860,000 barrels of 3 bushels, production last year (December estimate), 1,307,000 barrels.

United States:—Oct. 1 forecast, 58,900,000 barrels of three bushels; production last year (December estimate), 67,415,000 barrels.

Peaches

Indiana:—Estimated production 1917, 592,000 bushels, production last year (December estimate), 888,000 bushels.

United States:—Estimated production 1917, 42,606,000 bu.; production last year (December estimate), 36,939,000 bushels.

 † Former Rushville Boy In †
 † Ambulance Co. at Camp Shelby †

Elmo Demmer, son of Mr. and Mrs. Joe Demmer of Indianapolis, who were residents of this city until a few years ago, is in Ambulance company No. 3 at Camp Shelby, Miss., according to information contained in a letter he wrote to The Christian Visitor, published in Indianapolis. The letter follows:

Dear Sir—Just a few words in regard to Camp Shelby, the new home of the boys comprising Ambulance Company No. 3.

The camp is located about twelve miles from Hattiesburg and has excellent transportation facilities to and from that city. The site is on a large plateau, about three hundred feet above the sea level. This is exceedingly encouraging owing to the fact that it is absolutely immune from mosquitoes and other insects that tend to make one's life miserable. The noonday heat is sometimes excessive, but the nights are delightfully cool and our blankets come in quite handy.

Our eats are surely fine, owing to the untiring efforts of our mess sergeant, "Hickey" Morgan.

The Y. M. C. A., which has six branches located at different parts of the camp, is doing fine work among the boys. This particular organization shouldn't for one moment be overlooked, and is greatly appreciated by the Sammies. They have a large auditorium, reading room, piano and most everything to make the Sammies forget their troubles and make them content.

The sanitary conditions couldn't be better, and as yet we haven't had the slightest trace of sickness.

I think I can voice the opinion of the company that every one is perfectly happy and content and are willing to wage they are everyone going to try to "land" the kaiser.

Regards from the boys.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that heavy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Concerning External Growths Write to The Weber Sanatorium, 17 Garfield Place, Cincinnati, Ohio, for information concerning the Medical Treatment of All Forms of External Growths and Ulcerations (malignant and benign), involving breast, face, and other parts of the body. Established 25 years and well indorsed. Accommodations homelike and charges reasonable. Descriptive book free (Advertisement.)

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill health. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay fit and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill health after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, leithin and iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "all in" feeling and frail bodies are due to lack of leithin and iron peptonate in the system.

Your mental and physical strength and endurance depends upon a leithin and iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life to your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your druggist's or direct from us for \$1.00 per package. It is well worth the price. The Santanel Remedies Co., Cincinnati, Ohio.

BANKERS MEETING OPENED

Two Days Session Under Way At Evansville

(By United Press.)

Evansville, Ind., Oct. 10.—The annual two day meeting of the Indiana Bankers' association opened here today. Greater co-operation between the bankers and farmers through organization of agricultural clubs and promotion of the live stock industry were the two main questions to come before the convention.

Mayor Benjamin Bosse delivered the address of welcome today. C. H. Worden president of the First and Hamilton National Bank, Ft. Wayne, Bishop Anderson of Cincinnati and Joseph L. Bayard, of Vincennes were the other speakers of the morning.

SCHOOL HAS PART IN SPECIAL WEEK

Supt. George Has Letter From State Head Urging Observance of Food Conservation Day

BIG PROGRAM IS OUTLINED

Will Open With Conservation Sunday in Churches And Every Agency is Invited to Help

C. M. George, superintendent of the Rush county schools, has received a letter from State Superintendent Ellis urging the importance of observing Food Conservation Day in the schools Friday, October 26. This will be only a small part of Food Conservation Week in Indiana, which will be the most extensive and intensive effort made yet in a patriotic way. Every element for the life of the state will be brought into the movement. The program for the week, as announced by the national food administration representative, Dr. H. E. Barnard, in this state, is something like this:

October 21, "Conservation Sunday," in all the churches of Indiana. This marks opening of Hoover Food Enrollment Campaign. Most of the ministers of the state have agreed to preach Conservation.

Meatless Tuesday, October 23, and meatless Friday, October 26. It is the hope of the Food Administration that this will mark the beginning of meatless days as a permanent institution in Indiana homes.

Wheatless dinners all week. Corn bread will be fashionable diets from October 21 to 28. It is the further hope of the Food Administration that this will mark the re-birth of corn meal as a regular staple article of food.

Conservation day rally, Wednesday October 24th. There will be a big meeting in Tomlinson Hall, Indianapolis, on the evening of this day under the auspices of the Marion County Council of Defense and similar Conservation meetings in every town in Indiana under the auspices of County Councils of Defense and Commercial Clubs.

Merchants Conservation day Thursday, October 25th. Stores will arrange special Conservation sales, with appropriate window displays, decorations, bargains, etc.

Conservation day in all schools, Friday October 26th. This day has been proclaimed for the purpose and occasion by Horace Ellis, State Superintendent of Public Instruction.

Whirlwind finish of campaign for signatures of 1,000,000 Indiana women in the Hoover Food Enrollment, who will be given cards by the United States Food Administration indicating their patriotism, for display in front windows; Saturday October 27th.

Day of prayer and praise for those who have gone out to fight Democracy's battle, who are to be sustained and maintained by a solid army of stay-at-home volunteers; Sunday October 28th.

A special campaign committee to enroll one million Indiana women in the Hoover food conservation movement has already been started in connection with plans for the week. Mrs. William F. Ochiltree of Connersville is the sixth district representative on the committee. Rush county is already well up in front in this work, more than six hundred women having enrolled at the county fair.

The letter from Mr. Ellis regarding Food Conservation Day in the schools is in part as follows:

"The food situation has become so acute that an extensive campaign must be made in order that the crisis we now face may be adequately met. I desire therefore to add my official recognition to the importance of the work undertaken by the United States Food Administration, and to give my hearty approval to the plan proposed by the Federal Food Administration of Indiana, to obtain Food Pledge Card signatures through the schools, and to distribute educational Conservation literature through the schools of this State."

QUARANTINE LAWS MUST BE OBSERVED

Only by This Means Will Diphtheria Epidemic be Stopped, Visiting Nurse Declares

WOMANS COUNCIL RESOLUTION

The Woman's Council reports that the visiting nurse made three hundred calls and three fumigations in September. Many of these were made in an attempt to detect suspicious symptoms of diphtheria. The visiting nurse is co-operating with all doctors and school authorities in every attempt to decrease the number of cases. She says, however, that conditions will be no better until the people who have it in their homes are made to observe the quarantine laws.

A committee composed of Miss Belle Gregg, Mrs. Jane Kincaid, Mrs. Louis Sexton offered the following resolutions at the last meeting:

"Resolved that the Woman's council regrets sincerely that on account of ill health, Mrs. A. G. Reeve, the president, has tendered her resignation. It was through the untiring efforts and zeal of Mrs. Reeve that the council, the object of which is the support and the promotion of the work of the visiting nurse; the furtherance of any work by its members pertaining to civic improvement and general welfare, was organized. Mrs. Reeve's knowledge of the duties of a nurse, her good judgment and progressive ideas have been of inestimable value to the council at all times, and the loss of her leadership will be deeply felt by all of the members."

Bowling Season Opens
With Victory For K. of P.'s

The fraternal league bowling season opened last night with the Knights of Pythias team taking three games from the Elks. Two double century scores were posted during the evening, Capp of the Elks rolling a score of 204 in the second game and Nipp for the K. of P. team hitting the pins for 201 in the third game. The Masons and Odd Fellows will meet Friday night. The scores follow:

Knights of Pythias		
Wolcott	186	179 140
Camp	162	141 147
Nipp	134	158 201
Finley	155	147 170
Trennepohl	108	123
Hogsett	---	---
Total	745	748 811
Elks		
Easley	168	127 151
Gunning	132	148 165
Sherman	123	130 156
Capp	105	204 137
Cross	172	125 168
Total	700	734 777

ULTIMATUM FOR GERMANY

Rome Report Says Her Allies Will Demand End Be Brought to War

Rome, Oct. 10.—Bulgaria, Turkey and Austria will present an ultimatum to Germany soon demanding that she take definite steps towards bringing the war to an end, according to a report received here. The ultimatum was expected to be presented at the forthcoming session of rulers of the central powers at Sofia.

"Already October 26th has been designated as Conservation Day in the Schools of Indiana, and it is on that day that the schools will end their campaign for Pledge Card signatures."

Every Indiana teacher will be supplied with a quantity of pledge cards, which, when signed will be exchanged each for the "Conservation outfit" consisting of the handsome tri-colored window card, the valuable book, "Ten Lessons in Conservation," and the Kitchen War Creed, prepared especially by Mr. Hoover.

On Conservation Day in the schools, there will be special exercises and in many schools, the reading of prize essays on "How Food Will Help Win the War," and the culmination of other contests among the children.

A Great Discovery

Swollen hands, ankles, feet are due to a dropical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

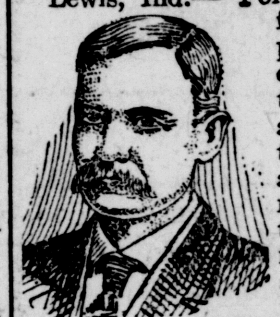

As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Anuric acts; the pains and stiffness rapidly disappear.

The very best possible way to take care of yourself is to take a glass of hot water before meals and Anuric, the discovery of Dr. Pierce of Buffalo, N. Y.

Step into any drug store and ask for a 50c. package of Anuric, which is many times more potent than lithia and eliminates uric acid almost as hot water melts sugar. A short trial will convince you.

WOULD TESTIFY.

Lewis, Ind.—"For a long time I suffered from backache, pain in left side, frequent kidney excretion, bothering me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of Anuric the discovery of Dr. Pierce, of the Invalids' Hotel, Buffalo, N. Y., and I at once began its use. After giving it a good trial I believe it to be the best kidney remedy on the market today. I have tried other kidney medicines, but these Anuric Tablets of Dr. Pierce's are the only ones, in my opinion, that will cure kidney and bladder troubles."—HENRY A. LOVE.

NOTICE TO PROPERTY OWNERS

Rushville, Indiana, October 2, 1917.

TO WHOM IT MAY CONCERN: Notice is hereby given by the Common Council of the City of Rushville, Indiana, that on the 24 day of October, 1917, they approved an assessment roll showing the prima facie assessments for the following described public improvement of East Side of Cherry Street from Eleventh street north to the first alley north of Twelfth street as authorized by the improvement resolution named.

Persons interested in or affected by said described public improvement are hereby notified that the common council of said city has fixed **TUESDAY, NOVEMBER 6th, 1917,** as a date upon which remonstrance will be received or heard, against the amount assessed against each piece of property described in said roll and will determine the question as to whether such lots or tracts of land have been or will be benefited in the amounts named on said roll, or in a greater or less sum than that named on said roll.

Said assessment roll showing said prima facie assessments with the names of owners and descriptions of property subject to be assessed, is on file and may be seen at the office of the City Clerk of said city.

CARL L. GUNNING, City Clerk.

WANT ADS BRING RESULTS

JURY IN STEVENS CASE IS STILL OUT

Hope of Verdict Being Returned in Criminal Suit is Not Given Up, However.

ROBERT SHIELDS FINED \$50

Also Sentenced to Jail For 30 Days For Running "Blind Tiger" Near Carthage.

The jury in the case against Omar Stevens, charged with assault and battery with intent to kill George Hoffman was still out at three o'clock this afternoon, but court attaches had not given up hope for a verdict.

Shortly after the jury went out, Robert Shields appeared in court and entered a plea of guilty to a "blind tiger" charge and was given the minimum sentence of \$50 and thirty days.

The Stevens case went to the jury at 11:30 o'clock this morning following one and one-half hours argument on each side, making a total of three hours argument. The first argument was made last evening and continued this morning.

The case was very little different from that of Manford Stevens. The greatest difference was the attacking of the injured party's character in the case just tried.

Shields, who pleaded guilty to running a "blind tiger" was arrested several months ago at a camp he was operating on Blue River, north of Carthage. A large amount of bottled beer was found at the camp in the raid conducted by Sheriff Cavitt and the marshal of Carthage.

Shields immediately after entering his plea of guilty started serving his jail sentence of thirty days. The fine will likely be paid before his sentence expires. The raid on the Shields camp was made after a number of Carthage citizens complained regarding his camp, alleging that liquor was being sold there. At the time of the raid several men were found playing cards at the camp but there was no gambling.

The last of the cases against Thomas Bottorff, alleging conversion of funds in connection with the Enterprise Milling Company at Mil-

Continued on Page 6

FAMOUS ROAD CASE IS DISMISSED TODAY

Suit Involving Contest For Office of Road Supervisor is Taken Off The Docket

ORA CLINE WILL PAY COSTS

The famous case of Ora Cline against James Shanahan and William Dagler, involving a contest for the office of road supervisor, was dismissed today in circuit court on an appeal from the commissioners court and since that time the legislature has abolished the office of road supervisor, leaving nothing over which to judge.

The case was a real sensation when first filed and tried. Cline alleged he was "counted out" in the road election and alleged that he was rightfully elected. The office was given to Shanahan on the returns from the road district election. Cline then brought suit against Shanahan and Dagler. Mr. Dagler was also a candidate, running third in the election. A recount of the vote in the office of the trustee showed Shanahan elected by the vote recorded by the election inspector. The contest was a fight between the north and south half of the road district. Shanahan has been serving as supervisor since the election and will not serve until his office is automatically abolished by the law this fall.

RECEIVES A CAR OF COAL

County Has Another on Way, Removing Danger of Fuel Shortage

The county has received one car of coal and another is on the way so that all fears of a shortage of fuel for the court house and jail are now past. The county several months ago advertised for bids on coal and failed to receive any consideration from the coal barons. The commissioners, seeing that coal was a necessity, authorized the purchase of the product in the open market and two cars were obtained from Richardson and Son of Terre Haute. The government price of \$2.10 was paid, which with a ninety cent freight rate placed the coal here for \$3.00.

STILL TRYING TO GET OUT OF CAMP TAYLOR

Michael Ansberry Writes District Board Calling Attention to Mistake he Made in Registering.

GARY SENDS BIRTH REPORT

Michael Ansberry, one of the selectives now at Camp Taylor from this county, is continuing his efforts to get out of the camp on the grounds that he made a mistake in his age when registering for the selective draft and gave his age as 30 when it should have been 31.

Ansberry has written the district board and the district board in turn wrote A. L. Gary, local agent for his side of the case. Ansberry claims that he accidentally gave his age wrong and if it is determined his age is thirty-one then he would escape service. Ansberry discovered his mistake shortly after registering, but there was nothing the local board could do for him.

Mr. Gary in his communication to the district board on the case sent a copy of the records of Ansberry's birth which show he is 31 years old, or was thirty-one at the time he registered. What the district board will do is not known, but it would not be surprising if he was granted a discharge.

PAFF CONCERT IS TO BE HELD TUESDAY

Red Cross Benefit Once Postponed Will Take Place at Main Street Christian Church at 8 P. M.

CONCERT TOUR TO FARGO, N. D.

The concert by Miss Rosemary Paff of Indianapolis, which was to have been given September 25, for the benefit of the Red Cross, but was postponed, has been announced for next Tuesday evening at the Main Street Christian church at eight o'clock. The concert was called off because of the illness of Miss Paff. A large number of tickets were sold and it was stated at the time the concert was postponed that these tickets would be good whenever the concert was held. All proceeds above the actual expenses will go to Rush county chapter of the Red Cross.

Since the original date of her concert here, Miss Paff has filled an engagement at Fargo, North Dakota, where she was highly praised. She appeared before a large audience and many complimentary articles concerning her appeared in Fargo newspapers. Miss Paff will be assisted here by her father, Mark Paff, a humorist reader.

BULLETIN

Amsterdam, Oct. 10.—Both majority and minority socialist parties voted today against a vote of confidence in Chancellor Michaelis, according to a Berlin dispatch.

BOND DRIVE WAS UNDER WAY TODAY

Many Committees Started Canvassing This Morning and Others Postponed Work

WEATHER WAS DISAGREEABLE

Ideal Time to Find Farmers at Home, However—Suggestions For Special Campaign Days

The canvassing campaign to sell Rush county's quota of bonds of the Second Liberty Loan of 1917 was in progress today. Although the weather was extremely unfavorable, reports were received by A. L. Gary, chairman of the County Council of Defense, of several committees in various parts of the county starting on their rounds this morning to see everyone in the territory assigned to them.

Though the day was disagreeable, especially for traveling about over the county, conditions were right to find farmers at home, it was pointed out. The rain made it impossible for farmers to do much on the farm and there was a prospect of most of them being found at home.

Reports received at noon were that some of the city committees were at work, but not all started this morning. Some postponed the canvass until tomorrow, hoping the weather would be more favorable, and others found it impossible to go today, but expected to try it tomorrow.

S. F. Stewart, principal of the high school, and Douglas Morris, will be the Four-Minute-Men speakers at the Princess and Gem theatres tonight. T. M. Green and H. E. Barrett spoke at both theatres last night. This campaign is very helpful, men behind the Liberty Loan Bond sale here believe. All of the Four-Minute-Men have received the closest attention at the theatres. Their speeches are all limited to four minutes, but in that time they present a wealth of acts provided by a special committee at Washington, which reveals the value of the government bond as an investment as well as the necessity of everyone who can buy a bond to help in the prosecution of the war against Germany.

An additional canvassing committee reported today, making the committees complete in ten of the twelve townships in the county. The latest one to report was that for Washington township. It is composed of the following: Dr. C. L. Smullen, chairman; David Kirkpatrick, Jacob Gross, Henry Knotts, E. L. Aiken, Amos Ghadden, D. E. Hollowell, Thomas Martin, Charles Elwell, Charles Bateman and A. O. Gordon.

The publicity committee of the Liberty Loan organization in the seventh federal reserve bank district, has sent to the local organization a number of suggestions regarding publicity for the Liberty Loan. One calls attention to the fact that Friday is Columbus Day, a national holiday, and should be used in every way possible for the furtherance of the Liberty Loan campaign.

It is pointed out that Sunday, October 21 has been set apart by the authorities at Washington as Liberty Loan Sunday throughout the United States. It is urged that a local committee be appointed to arrange for the clergymen of all denominations to preach Liberty Loan sermons on that date.

Wednesday, October 24, has been officially designated as "Liberty Loan Day." It has been suggested that this day be used for big mass meetings, parades, public demonstrations, etc. The five days from Saturday, Oct. 20 to Thursday, Oct. 25 are the dates officially set apart for the Boy Scouts Liberty Loan campaign. Sport Masters here will receive direct notification.

TRIED TO HAVE U. S. RAILROAD WRECKED

Germany's General Staff Also Plotted to Ruin Factories Supplying War Munitions

CORRESPONDENCE IS PUBLIC

Another Telegram Bernstorff Sent in September, 1916 For Support to Sway Congress

(By United Press.)

Washington, Oct. 10.—Germany's general staff in furtherance of its campaign of world dominance sought in 1916 to have the Canadian Pacific railroad wrecked at several points. Again it plotted against the United States and Canada to ruin factories supplying munitions of war.

These two new points in Germany's ruthless system of intrigue were brought to light today by the state department in correspondence forwarded to the Teutonic envoy Bernstorff in January 1916.

At the same time the department published a third telegram Bernstorff sent his foreign office in September 1916, declaring that the embargo conference, planning to sway congress to the side of Germany needed "further support."

The first new message shows the Irish traitor Sir Roger Casement provided the names of men who could give interest on the subject, including Jeremiah O'Leary, Irish propagandist.

The German ambassador was ordered to provide necessities for the Canadian Pacific railroad work and that he did so is found in the fact that many tunnels on that line were wrecked early in 1916.

Berlin warned the ambassador that he was not to compromise himself and Bernstorff informed the foreign office there was no danger of his being involved in the work he had underway.

The first message signed by Foreign Secretary Zimmerman said:

"General staff desires energetic action in regard to proposed destruction of Canadian Pacific at several points with view to compell a protracted interference of traffic."

The state department gave out the following statement:

"The secretary of state publishes the following two telegrams from the German foreign office to Count von Bernstorff in January, 1916:

"January 3.—Secret. General staff desires energetic action in regard to proposed destruction of Canadian Pacific railway at several points with a view to complete and protracted interruption of traffic. Captain Boehm, who is known on your side and is shortly returning, has been given instructions. Inform the military attache and provide the necessary funds."

"January 26.—For military attache: You can obtain particulars as to persons suitable for carrying on sabotage in the United States and Canada from the following persons: (1) Joseph MacGarrity, Philadelphia, Pa.; (2) John P. Keating, Michigan avenue, Chicago; (3) Jeremiah O'Leary, No. 16 Park Row, New York."

"One and two are absolutely reliable. No. 3 is reliable, but not always discreet. These persons were indicated by Sir Roger Casement. In the United States sabotage can be carried out on every kind of factory for supplying munitions of war. Railway embankments and bridges must not be touched. Embassy must in no circumstances be compromised. Similar precautions must be taken in regard to Irish pro-German propaganda."

"Representative of General Staff." "The following telegram from Count Bernstorff to the foreign office in Berlin, was sent in September, 1916: "September 15.—With reference

ABSORB M'CONNELL STORE

Three Local Drug Firms Buy Stock And Fixtures go to Plainfield

The McConnell drug store, which was closed over a month ago, has been absorbed by F. B. Johnson and company, Hargrove and Mullin and Pitman and Wilson, three local drug firms, it was announced today. The Keifer-Stewart Drug company which had the stock in charge, has sold the fixtures to a druggist at Plainfield, whose store was recently burned. The Keifer Stewart company sold the McConnell stock to the three drug firms here.

COUNTY MEETING TO BE HELD AT MILROY

Odd Fellows Will Gather Saturday Evening For Visit of Grand Master of Indiana

A. A. SPEARS WILL MAKE TALK

District Deputy A. E. Newhouse of the Odd Fellows lodge of this city has completed arrangements for a county meeting of Odd Fellows at Milroy Saturday night. The county meeting was arranged at the solicitation of A. A. Spears, grand master of Indiana, who is desirous of visiting every county in the state before his term expires in November. All of the Odd Fellow lodges in the county will participate and the main feature of the meeting will be an address by Mr. Spears. The meeting, while primarily for Odd Fellows, is open to the public and a large crowd is expected.

The committee from the Milroy lodge in charge of the arrangements follows: Dr. C. S. Hoagland, Worth Kelly, C. C. Richey, Golda Carr, William Ruddle and Abe Lyons.

Owing to the short notice it has not been possible formally to invite the different lodges of the county, but it is expected that the members will avail themselves of this opportunity to meet the grand master of the state.

BRITISH ADVANCE! TROOPS PUSHED BACK

Several Other Powerful German Attacks Are Repulsed, Official Statement Says

YESTERDAY'S BLOW SUCCESS

London, Oct. 10.—Powerful German counter attacks pushed British advance troops back a short distance on a front of 2,000 yards south of Ypres railroad, Field Marshall Haig reported today. Several counter attacks, however, in the neighborhood of the Ypres-Staden railway were repulsed.

The blow struck by the British and French forces yesterday against a wide part of the German defenses between the Houtholst forest and Broodseinde has resulted in another great success. Over much of this front the attacking troops swept forward to a depth of 1,200 yards or more, overrunning many important strongholds of the shattered enemy.

In the afternoon the allies were digging in almost on the outskirts of Houtholst forest, the British were beyond Poelcappelle after sanguinary hand-to-hand fighting and farther south they had gained the Passchendaele ridge within less than 1,000 yards of Passchendaele, thereby wrenching away almost all that remained to the Germans of their famous Passchendaele-Gheluvelt ridge system of fortifications.

Again the German losses have been great and reports from all along the line indicate that their organization and morale were hit.

WHITE SOX SHUT OUT BY NEW YORK

Giants Come Back to Life in Third Game of Series Winning by Two to Nothing Count.

BENTON WINNING PITCHER

Cicotte, Who Won Opener, Goes Down in Defeat When Hammered For Eight Hits.

BULLETIN

Polo Grounds, New York, Oct. 10.—The Giants won the third game of the world series from Chicago today 2 to 0. Cicotte pitching for Chicago was touched up rather freely by the Giants while Rube Benton pitched great ball for McGraw's men. The Giants counted twice in the fourth inning. In the first and second frames they threatened to score having men as far as third both times. The score by innings:

R H E
Chicago 0 0 0 0 0 0 0 0—0 5 3
N. York 0 0 0 2 0 0 0 0—2 8 2

By H. C. HAMILTON
(U. P. Staff Correspondent.)

Polo Grounds, New York, Oct. 10.—Under a sunless sky the White Sox and Giants clashed today in their third game of the world's series. The batteries were: New York—Benton and Rairden; Chicago—Cicotte and Shaik.

The band stationed behind third base helped keep up the pep for the weather was more suitable for football than baseball. When the Giants appeared on the field at 12:20 they were given a great reception by the crowd which filled the stands. Benny Kauff and Hinnie Zimmerman who were roughly treated in Chicago were given an exceptionally hearty cheer by the home folk.

The White Sox were given nearly as warm a reception when they appeared half an hour later. The stands filled slowly but shortly before time for the game to start it looked as if a capacity crowd of 35,000 were present. The White Sox wore their home uniforms but the Giants were dolled up in freshly washed white uniforms. The field appeared somewhat heavy. All water had been drained off but the base lines were soggy.

Mayor Mitchell was given a warm reception when he walked on the field fifteen minutes before the game started.

FIRST INNING
Chicago—J. Collins fouled out to Rairden; McMullin fanned. E. Collins singled to center. Jackson out, Benton to Holke. No runs, one hit no errors.

Continued on Page 6

CAMP TAYLOR MEN TO GO TO ARKANSAS

About 3,000 Will be Sent to Little Rock to Make Room For Colored Troops at Louisville

TO FORM RAINBOW DIVISION

Washington, October 10.—All Indiana colored men selected for service in the national army will be trained at Camp Zachary Taylor, at Louisville, it was learned, along with the colored men from Kentucky and that part of Illinois included in the Camp Taylor district, caused by the sending of the 3,000 colored men there, will be sent to a new divisional training camp at Little Rock, Ark., where with men from other camps over the country, they will form a "rainbow division" of the national army.

The whites to be sent south probably will number 3,000, and will include a number of men from Indiana.

Orders were issued today for a general change in assignments for white troops.

CAMP SHELBY IS IN CORN FUTURES FALL OFF ABOUT 6 CENTS

News From Washington Pleases Soldier Boys Who Have Subscribed to Liberty Bonds

LEADS LIST WITH \$116,400

Strict Quarantine Few Cases of Disease to One Regiment at Hattiesburg—Camp News

Hattiesburg, Miss., Oct. 10.—The news from Washington that soldiers at Camp Shelby are leading all other army camps in subscriptions to the Second Liberty Loan of 1917 has been received with great hilarity at the camp. Washington report says that total subscriptions at Camp Shelby amount to \$116,400 and that the second highest amount subscribed at any camp is \$53,600, at Fort Riley, Kansas.

A hopeful statement as to the presence at Camp Shelby of communicable diseases, which led to the One Hundred and Forty-ninth Infantry Regiment being isolated from the rest of the camp, was made by Maj. Bayliss, in charge of the base hospital there.

Lloyd Ledford of Company L, One Hundred and Forty-ninth Regiment, the only soldier at the camp ill with meningitis, is doing well, Maj. Bayliss said, and there is a fair prospect of his recovery. Ledford's case is the second at the camp, the other having resulted fatally for Zack McDonald of the One Hundred and Forty-ninth Infantry Sunday night.

Maj. Bayliss said it was impossible to trace the source from which McDonald and Ledford contracted meningitis. He said the malady, though uncommon, was manifesting itself occasionally in all soldier camps.

Mumps and measles, from which some of the men in the regiment are suffering, are giving the health authorities at the camp much trouble, it was stated here. According to Maj. Bayliss's opinion, the men "brought" diseases with them, as some were ill when they detrained at camp. The communicable diseases have occurred only in the One Hundred and Forty-ninth.

The first death among the soldiers at Camp Shelby since the first arrival, occurred late last week at the Base Hospital, when Thomas Carroll, aged 24, a private in Company H, 150th Infantry, succumbed to an attack of lobar pneumonia.

Private Carroll had been ill for several days. He came to Camp Shelby from Camp Zachary Taylor, at Louisville. Private Carroll's home is in Willard, Ky., and his body was shipped there.

Several thousand French text books were received at Camp Shelby by the Army Y. M. C. A. These books will be used in the French classes for enlisted men, which are to be conducted by the association instructors in each building.

More than two thousand library books also have been received from Washington and will be distributed among the five buildings about the camp. Books to please men of all tastes are in the lot.

French classes for enlisted men started in the Y. M. C. A. buildings at Camp Shelby today. Competent instructors from the ranks and Mississippi schools will conduct the sessions. The classes already have been entered by a great number of soldiers.

A series of nightly band concerts, in which the military and regimental bands of the various organizations at Camp Shelby will furnish the music, have been started. The concerts will all be given in front of the general headquarters at the foot of the big flag staff and the bands will take turns in rendering patriotic and popular airs.

The following bands, in the order named, will give the concerts; 138th, 139th and 137th Field Artillery, 149th, 150th, 151st and 152nd Infantry and the 63rd Depot Brigade bands.

It was announced that the bands of the 1st West Virginia Infantry will, from now on, play the "Star Spangled Banner" each evening at the call "retreat," when the flag is lowered.

In addition to the band concert, moving picture shows were inaugurated.

Decline in Chicago Is Said to be Due to Peace Talk—Cash Corn Holds Steady.

HOG QUOTATIONS ARE LOWER

Prices on corn futures dropped off approximately six cents in Chicago today and the fall was said to be due to peace talk. Oats was steady to about a cent lower. Cash corn prices in Indianapolis, however, held steady and cash wheat was the same. Oats was steady.

Hog prices were lower in Indianapolis, losing all the gains of Tuesday. Early sales of the grades were \$19.10 to \$19.60. Receipts were 7,500, which is an advance of 3,000 over yesterday.

three of its club houses. These will be running in all of the five buildings completed and in each of the new ones under construction, as soon as they are ready.

Soldiers in town must now be a bit more punctilious as to dress. They must keep their coats buttoned all the way to the collar—every button that shows must be buttoned—even those on the pockets.

Up to this time a little "button freedom" has been allowed. According to orders just issued at Camp Shelby, however, usual regulations as to dress will be rigidly enforced.

Seymour-Jackson county will have a bumper crop of corn this year, according to the statements of farmers near here. It is stated that two thirds of the total crops is already safe from the frost and that the rest only needs about two more weeks of favorable weather. Local dealers predict the local wagon price for corn will be at least \$1 per bushel. The highest price ever paid here for new corn.

They Fit the Curves

Artists agree that the perfect foot and ankle of woman possesses a subtle grace which is very difficult to reproduce, even with a very skilled hand.

These artistic curves are the foundation for beautiful style effects in shoes. Only those shoes which follow the curves unerringly, be the design ever so beautiful, can impart the right style to the feet.

Our shoes are built over just such artistic lines and we have them in endless varieties, in Browns, Tans, Blacks, and the Popular Shades in two-tones with either high or low heels.

Shoes made of leather cost a little more than shoddy shoes, but are much cheaper in the end.

While there they, Mr. and Mrs. Simpson and son Claude and ten others made a two days tour of the White mountains by automobile, visiting the Mesclero reservation and driving within ten miles of Sierra Blanco, the elevation of which is more than 12,000 feet.

Amusements

The Gem offers William Russell in "Shackles of Truth," for the program tonight. It tells a thrilling story and answers the question of whether a man would risk his happiness with the girl he loves to protect his father's name and his mother's life. Russell's acting is the feature. Tomorrow Genevieve Hamper will be seen in the Fox feature, "Tangled Lives."

The Princess will show Ethel Barrymore, the famous actress in the feature picture, "The White Raven," for the program tonight. It is a thrilling story of the Yukon and many big scenes are shown. In addition, "Pathe News," will be shown. Tomorrow Earl Williams will be seen in the drama, "The Soul Master."

The first picture show of the season will be given Friday at the Graham Annex auditorium. The afternoon performance is for the school pupils only and the admission is to be one cent. At seven o'clock in the evening the public will be admitted for an admission of five cents. The first picture is entitled "Modern Farming." The second is "The Story of Two Pigs," showing the benefits to be derived from raising good stock. The last is a comic reel entitled "Fun" at the County Fair.

Days Pickings

A marriage license was issued yesterday to Clarence C. Woods and Alta Grimes.
Mrs. McColgin has moved from 620 North Morgan street to her property, 721 North Morgan street.
There will be a pie social at the Circleville school house, Friday evening, October 19. Everyone is invited to attend.
Mrs. Ervin Shortridge of Pal-mouth underwent a serious operation at the Fayette hospital in Connersville yesterday.
Thomas Beach has been declared a person of unsound mind and is in jail awaiting his admission to the asylum at Madison.
The Sexton Christian church will hold an all day meeting next Sunday with a basket dinner at noon. All churches of the county are invited. The Rev. Moody Edwards, who is the pastor of the church, will preside over the meeting.
Sam Buckner, court house custodian is suffering from a broken rib sustained Sunday while making some plumbing repairs at the building. A heavy pipe wrench slipped and the end struck him in the ribs, fracturing one. He continued work and last night an investigation showed the rib broken.
Miss Mary Sleeth, librarian, has completed filling out the book plates with the names of Rush county people who donated \$245 as the Rushville library's quota of the war library fund and has forwarded them and the money to headquarters. The name of each person giving a dollar will be placed in a book going to the soldiers. It was remarked today, it would be a coincidence if a soldier from Rush county should get a book paid for by a Rush county person.

Is Married in Local Store

Where Sisters Were Wedded
Miss Sarah Kuntz, daughter of Mr. and Mrs. John C. Kuntz of north of Manilla, followed in the path of her two sisters when she was married this afternoon to Earl Theobald, son of Mr. and Mrs. George A. Theobald, of Shelby county, in A. P. Wagoner's piano store, in the room with the Poe Jewelry store. Two older sisters have been married in the same place on account of a friendship existing between Mr. Wagoner and the Kuntz family. The Rev. D. Ira Lambert of the First Presbyterian church performed the ceremony. The bride is a niece of Jacob Kuntz of this city.

EXAMINATION FOR CLERKS

A civil service examination for clerks with knowledge of stenography or typewriting, for both men and women, will be held here on November 2. Vacancies in clerical positions requiring some knowledge of stenography or typewriting in the departmental service in Washington, at salaries ranging from \$900 to \$1,200 a year, are to be filled from this examination. Anyone interested should see Clarence Cross, the local

FARMERS TRUST COMPANY

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Things By Their Right Names

There seems to be a disposition in some quarters and by some people to whistle softly in the presence of people of German parentage, lest they become offended at aspersions upon their people and their practices. Many will even apologize for the action of this country in prosecuting the war, and will lightly pass over the atrocities committed by the German forces, that have shamed the right thinking peoples of the earth.

This week-kneed, pussy-footing attitude is unworthy any American. First, because every intelligent person who has given the question even the most casual study must know that this country is in the right, and that her quarrel is the quarrel of the people of the earth. The United States could never look the world in the face had she refused to take up the gauge of battle when William of Germany cast it at our feet.

Loyal Americans will condemn the practices of not only the German Kaiser, but of his troops as well. The world is a unit in the condemnation of the ruthless submarine activity. The ferocity with which this is prosecuted is unworthy the darkest days of the middle ages.

The world condemns the savagery of the German attacks on hospital ships, on field hospitals and on innocent non-combatants generally. There is no other name for their acts save inhumanity. Be it said to the everlasting credit of the allies, no such actions have stained their records.

We repeat that there is no call for pussy-footing when these things are mentioned because, forsooth, your bearer may have German blood in his veins. German blood is plentiful in America, and much of it is among the most loyal. That part which is not loyal is simply disloyal, and that is all there is to the matter. And furthermore, this country has no quarrel with German blood or with German people, except so far as they uphold and abet the German government.

Every American should get this important fact: We are fighting for a principle of everlasting Right and against a practice of everlasting wrong. That the German nation happens to be in the wrong is no reproach to the millions of that blood who are not only among us but of us. Once their loyalty is demonstrated, it should be accepted in full faith. On the other hand, if their loyalty is of the right brand they will recognize the faults of their kinsman, and while possibly not disclaiming those kinsmen, they most

DOWN AT OLD FT. MORGAN

James R. Hood of this city, now a member of the quartermasters corps at Fort Morgan, Alabama, has written a poem which he forwards to the Daily Republican for publication. It follows.

No more ham and eggs or grape fruit

When the bugle blows for Chow
No more apple pie or dumpling
For we are in the Army now,
And they feed us beans for breakfast

And noon we have 'em too
And at night they feed us weiners
With a good old Army stew.

No more fizzes, beer or highballs
When we get that awful thirst.
If your thinking of enlisting
Best get used to water first;
For the lids on tight all over
And the drilling makes us warm
But we can't cool off with liquor
'Cause we wear the Uniform.

No more shirts of silk or linen
We all wear the O. D. stuff.
No more night shirts or pajamas
For our pants are good enough.
No more feather beds or pillows
But we're glad to thank the Lord
That we got a cot and blanket
When we might have a board.

For they feed us beans for breakfast
And at noon we have 'em too,
And at night they fill us soldiers
With a good old Army stew.

But by Jings we'll lick the Kaiser
When the Captain tells us how.
For hang him he's the reason
That we're in the Army now.

MR. JAMES R. HOOD.
Quartermaster Corps
(Fort Morgan, Alabama.)

certainly will disclaim any sympathy with them or their ambitions, especially with their acts.

Let's get this thing right on the start. We have no apology to make for our actions. This country is in the right, and those who do not like her course are at liberty to take themselves and their objections to some other country—which would be the most decent thing they could do.

The Labor Problem

At 12 o'clock on the night of September 8, the manufacture of intoxicating beverages was ended in the United States. Distilleries all over the land drew their fires and closed their doors. Thousands of men were put out of employment, and millions of dollars worth of equipment must be diverted to other uses. And in connection with it all there is one significant fact that must strike us forcefully when we come to consider it.

Just one instance: Peoria, Ill., a large whiskey center, announces that the 1,500 or 2,000 men thrown out by the closing of the distilleries will be taken care of at once in other lines of work—that she has need for the services of every one of them. Similar word comes from many other whiskey producing centers.

When a great industry such as this can cease all at once without any appreciable disturbance of labor conditions, the fact should set us to thinking, and thinking deeply.

What of the supply of labor in the year that is before us? It is perfectly apparent that the great business of the country must be kept going if this country is to finance the allied countries, as she has undertaken. With more than a million of her best workman drawn to the colors, a re-dedication to labor is imperative on the part of that class that from one cause and another has heretofore dropped out of the ranks of the workers.

It is all right to say to the farmer, "You must produce greater crops," but if he hasn't the force to manage his teams and implements we are asking of him an impossibility. And so in all other lines.

There is but one answer: All who can, must work, not because they need the proceeds of their labor, but because the country needs their labor.

There is absolutely no room in this country now for the men who can work, yet who will not.
Down with the work slacker!

Prosperity, it is said, is causing a shortage of one dollar bills. We had noticed it, also a shortage of two dollar bills, and five dollar bills, and ten dollar bills, and several other denominations.

THESE FALL DAYS

and especially these cool autumn nights, one needs an overcoat and heavier clothing.

THE SUBWAY

Farm of 73 Acres at Auction! Tuesday, October 23rd

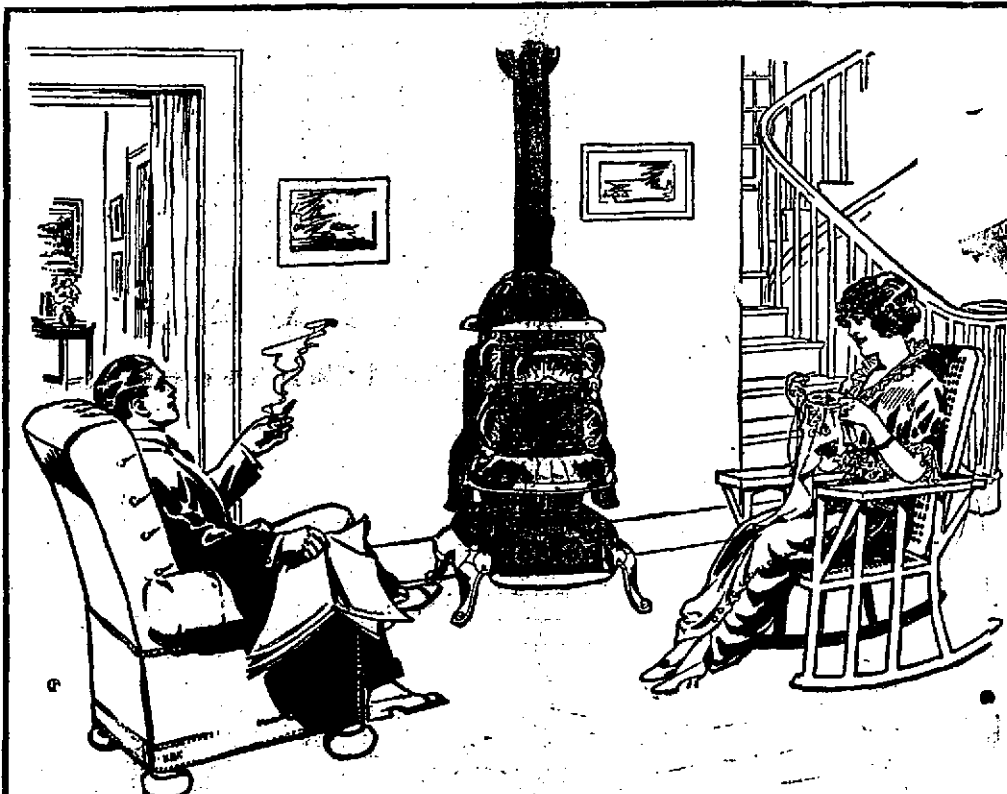

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained, every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

TERMS—When bid off you will be required to pay \$3,000 in cash, or more if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you

Furnace comfort and efficiency at less than heating stove cost

EVERYBODY who has a house to heat should be vitally interested in this remarkable new hot-air heating system that costs very little more than any ordinary heating stove to buy, no more to install, and much less to operate.

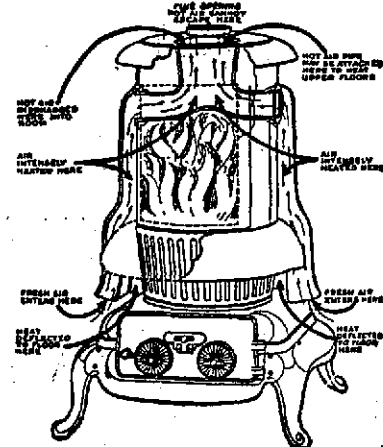

Estate Hot Storm

—the Stove with a
"Little Furnace in it"

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For the interior is utterly different from any stove you have ever seen; inside it is built like a hot air furnace.

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and then discharged—not through the flue and chimney, but through the top of the Hot-Air Chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple pipe connection.

Saved fuel pays for it

Only a very small percentage of the heat is allowed to escape up the chimney, for the Little Furnace blocks the upward rushing heat, absorbing it and throwing it back against the radiating surfaces of the stove proper. This results in an amazing saving of fuel—a saving so great that your Estate Hot Storm will soon pay for itself. And after that it will pay you.

All we ask you to do is to investigate the Estate Hot Storm—give us an opportunity to explain it to you—before you buy a stove of any kind. You owe it to yourself to do this.

HENDRICKS MAY LAND IN MAJORS

Manager of Indianapolis Team Likely to Get Better Job, According to Dope

WAS ONCE WITH NEW YORK

He Was in Bunch of Nineteen Players Canned When McGraw Took Charge

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New, York, Oct. 10.—When John J. McGraw left the old Baltimore Orioles and came to New York to manage the Giants, the baseball world took considerable notice. McGraw went to the Polo Grounds, found a lot of alleged ball-players and immediately canned seventeen of them.

One of this seventeen was an outfielder who answered to the name of Hendricks and who ever since McGraw pointed out the New York exits to him has been a minor-leaguer, but most of the time a manager—one of the most successful in the history of baseball.

Hendricks is running the Indianapolis American Association club now for Jimmy McGill. McGill has been running in easy stages, from class B baseball right to the double A kind and every time a big league club looks like it is going to be put on the market Jim is picked as a likely buyer.

McGill got his first taste of base-

ball in Springfield, Ohio, in the Central league. He bought the Denver Western league club next and Hendricks became its manager. Hendricks made such a hit of winning pennants in the Western league that he almost discouraged every other manager there. He won just as fast as the seasons came around until McGill bought the Indianapolis franchise and took Hendricks along to higher company.

Hendricks and McGill stuck their heads into a peck of trouble their first year in Indianapolis, for the Indianapolis Federal league club was busy winning a pennant and supply some regular opposition for the gate. The next year, without the Feds they did a little better, and then came the present year. Jack got back into the habit of pennant winning. They gave him a battle out in the American Association, but he won his pennant and he did it without a 3.00 hitter on his club. Some day Jim McGill will buy a big league club and Jack Hendricks will be its manager. It's written in the stars.

MAJOR LEAGUES ARE CAUTIOUS

Small Number of Players Purchased by Draft Shows Uncertainty of Game.

MINORS WILL BE HIT HARD

Becoming More Apparent That Only Strongest of Smaller Leagues Will Survive.

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New York, Oct. 10.—The small number of minor league players drafted this year by the majors is an indication of the caution with which baseball is moving these precarious times.

Fear of that bigger draft, the United States army, the uncertainty of the game in 1918, and a dozen other things is injecting a spirit of go-easiness into the game it has never felt before.

The National Commission had taken steps to protect clubs drafting players when it announced that, in case a player was drafted for the army, he would be turned back to the club from which he was taken and the purchase price returned to the club drafting him, but just the same, big leaguers and the smaller classes are taking few chances.

The same thing has been true of the number of players purchased. Many players promising enough for a trip to the big show, have been left in the minors this year simply be-

cause the big clubs didn't feel like taking chances.

This is only one more rock over which minor leagues must crawl before they can see their way to prosperous baseball next season. The sale of players always has been one of their principal sources of revenue.

As the year wears on it becomes more and more apparent that only the strongest of the small base ball classifications will be able to stand the strong-arm methods the war is using on their treasuries. Several leagues already have thrown up the sponge. The season just closed will be the end for many more.

When Harry Hempstead mystified every big leaguer in the country by drafting "Tanglefoot" of Grand Rapids, he became the first man to put one over on John E. Bruce. Tanglefoot, according to Hempstead, was the greatest fly catcher the world ever saw. The joke originated in the Polo Grounds where the fence surrounding the park bears a sign reading "Burns, New York, caught 267 flies in 1916. Tanglefoot, Grand Rapids, caught 50,000,000,000 flies."

"Some fly catcher," figured Hempstead, so he put in a draft for the marvel and sent in a check to pay for him. The draft was official and will go into the records of the National Commission.

NOTICE TO NON-RESIDENTS

THE STATE OF INDIANA, RUSH COUNTY.

In the Rush Circuit Court Sept. Term, 1917.

Mrs. E. D. Daubenspeck, Adm. Est. Harvey Daubenspeck vs. Maud Randall, Byron Daubenspeck, Jacob Daubenspeck.

Complaint No. 1849.

Now comes the Plaintiff, by Meigs & Ross, attorneys, and files his complaint herein, together with an affidavit that said defendants, Maud Randall, Byron Daubenspeck and Jacob Daubenspeck are non-residents of the State of Indiana; that said action is for partition to sell real estate to pay debts and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said Defendant last named, that unless they be and appear on the first day of the next term of the Rush Circuit Court, to be held on the 24th day of November, A. D. 1917, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in their absence.

Witness my name and the Seal of said Court, at Rushville, this 24th day of October, A. D. 1917.

GEO. B. MOORE, JR., Clerk.

Oct-10-17-34

NOTICE OF DITCH LETTING.

Notice is hereby given that the Trustees of Rush Township, Rush County, Indiana, will at a public sale of the 13th day of OCTOBER, 1917, at 1:00 o'clock p. m., receive bids for the improvement by cleaning and repairing the following ditch:

Plans and specifications are on file in my office showing the number of cubic yards of excavation, where excavation is necessary, and the work to be performed in making such repairs, by sections of one hundred feet.

The successful bidder shall, within 5 days, be required to enter into a contract and give bond with two reliable sureties in a sum not less than double the amount of the contract so awarded.

FLOYD WOODS, Trustee of above-named Township.

Society

Miss Ethel Oakley was hostess to the members of the B. N. club and several guests last evening at her home in North Perkins street. The pretty table where the elegant supper was served was attractively laid with white candles hooded with pink shades. Pink and white ribbons extended from the French basket in the middle of the table to each of the plates. When these ribbons were drawn from the basket, a small folder was revealed, which announced the engagement of Miss Anna Gessler and Albert Sweet, whose marriage will take place October 28. All of the appointments of the dinner were carried out in the same chosen color scheme of pink and white. The guests were Mrs. Nan McIntyre, Miss Maud Smith, Mrs. Charles Hearst, Miss Sylvia Lakin, and the club members present were the Misses Mayme Kuntz, Elinor Doll, Anna Gessler, Effie Young and Ethel Oakley. Miss Effie Young will entertain the club in two weeks.

Hosts of dainty colored dahlias adorned the home of Mrs. Powell of Falmouth yesterday afternoon, when she entertained twelve members of the Glenwood Sorosis club and one guest, Miss Stella Shortridge. The roll call was responded to by the names of favorite birds. Mrs. Newhouse read a paper on the "Conservation of Birds and Animals." A general discussion concluded the afternoon and the hostess served delicious refreshments. October 23 is set for the date of the next meeting, at which time Mrs. Britt will entertain the club.

Miss Hilda McKee entertained with an informal party at her home in North Willow street, last evening honoring Hines Hogsett and John Kennedy, who left today for Camp Funston, Fort Riley, Kansas, and for Fred Beale, who is here on a furlough from Charleston, South Carolina. The guests were entertained with cards and refreshment were served. The Misses Hilda and Marie McKee, Hazel Flodder and Mayme Mullins, Hines Hogsett, John Kennedy, Rex Reade and Fred Beale were the guests who enjoyed the delightful affair.

The Ladies Aid Society of the Methodist church, which was entertained by Mrs. Frank Hackleman yesterday afternoon at her home in North Morgan street, was marked with a large attendance, about forty members being present. Plans for the coming winter were discussed and arrangements made to have a penny supper in the near future. Mrs. Hackleman and the assistant hostesses, Mrs. Sarah Ball and Mrs. Leonard Clark served dainty refreshments.

Mr. and Mrs. Homer Havens entertained with a high noon dinner yesterday at their home in North Perkins street, honoring a number of out-of-town guests. Masses of fall flowers brightened the pretty home. The elegant dinner was served in three courses and covers were laid for Miss May Bliss, Mrs. Brower and Mrs. McKinney, of Indianapolis, Joe McDowell of Cuba and Dr. and Mrs. Will C. Smith and family and Mr. and Mrs. Will Bliss.

Mr. and Mrs. Frank Powers entertained a party of relatives and friends today at the Milroy Hotel. The guests included: Mr. and Mrs. Boone Power and John Power of this city, Mr. and Mrs. Emory Power, Mr. and Mrs. George Power, Mrs. Jennie Power, Mrs. Martha Power, Dr. and Mrs. W. T. Lampton and family and Mr. and Mrs. J. B. Ponies.

The Missionary society of the Sexton Christian church held their October meeting with Mrs. Elsworth Kiser Tuesday afternoon with Mrs. Fred Oldham as leader. An interesting program was carried out.

PNEUMONIA

First call physician. Then begin hot applications of VICKS VAPORUB.

Five guests were present at the meeting and the hostess served refreshments. The November meeting will be held with Mrs. Earl Grubbs.

Mrs. James V. Young entertained with an informal card party yesterday afternoon at her home in East Seventh street. Mrs. Joe Brune of Cincinnati, who is the house guest of her sister, Mrs. George Greisser, was the only out-of-town afternoon over Bridge and the hostess served a delectable salad course to the twenty-four guests, who were present.

About twenty-five neighbors surprised Mr. and Mrs. Earl McKee last evening at their home in Raleigh. Mr. and Mrs. McKee will move to a farm near Raleigh this week. A tempting pitch-in supper was served. The guests were entertained with cards throughout the evening.

The Woman's Home Missionary society of the Methodist church will meet with the president, Mrs. John Jordan, tomorrow afternoon at her home in North Main street.

CELEBRATE OPENING OF THE NEW HIGHWAY

Morristown Has Big Day With Band Concert, Balloon Ascension and Athletic Events

BOTTLE OF WATER IS BROKEN

Morristown, Ind., Oct. 10.—The business men and residents of this place today celebrated the opening of a new concrete highway that has been constructed through the northern part of Shelby county. The road is a main artery of trade. The celebration opened at 9:45 o'clock with a parade, headed by The Indianapolis News Newsboy's Band. Miss Mae Smith, of the high school, broke a bottle of water from the famous artesian well of Morristown on the highway as a formal token of the completion. Albert F. Wray of Shelbyville, county attorney, accepted the road in behalf of the county. Athletic contests and a balloon ascension provided amusement for the crowd during the afternoon.

FIRST DEATH OF A HOOSIER

Harry Blasic, Battery F Cook, Drowned at Camp Shelby.

Hattiesburg, Miss., Oct. 10.—The first death among the Indiana troops occurred late Tuesday afternoon when Harry Blasic, a cook of Battery F, 139th Field Artillery, was drowned in Leaf river, four miles from Camp Shelby. He went to the river to fish and fell into the water when reaching for some minnows. The water was very deep and the current strong. Fifty men spent the night searching for the body. He enlisted from Indianapolis in Company K of the 4th Infantry.

MURDERS WOMAN; A SUICIDE.

(By United Press.)

Akron, O., Oct. 9.—Mrs. Sarah Case was murdered today by a strange man who committed suicide.

TWO \$40,000,000 LOANS.

NEW COALITION CABINET.

(By United Press.)

Petrograd, Oct. 9.—Premier Kerensky today announced the completion of the new coalition cabinet. All newly announced ministers have been members of other cabinets under provisional government.

Evansville—Grief over the departure of his master for the training camp, caused the death of Duke, the old hunting hound of Chester Nan, of this city. Duke could not stand the separation, and gave up hope after searching for his master for a week.

A Letter From Washington

The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."

The following recipes for Corn Bread and Rye Rolls save wheat flour and make attractive and wholesome food for every day when made with

ROYAL BAKING POWDER

CORN BREAD

1 1/2 cups corn meal
1/2 cup flour
4 level teaspoons Royal Baking Powder
1 tablespoon sugar
1 teaspoon salt
1 1/2 cups milk
2 tablespoons shortening

Mix thoroughly dry ingredients; add milk and melted shortening; beat well; pour into well greased pan and bake in hot oven about 25 minutes.

Our red, white and blue booklet "Best War Time Recipes" containing additional similar recipes sent free on request. Address Royal Baking Powder Company, Dept. H, 135 William Street, New York.

RYE ROLLS

2 cups rye flour
1/2 teaspoon salt
3/4 level teaspoons Royal Baking Powder
3/4 cup milk
1/2 tablespoon shortening

Sift dry ingredients together, add milk and melted shortening. Knead on floured board; shape into rolls. Put into greased pans and allow to stand in warm place 20 to 25 minutes. Bake in moderate oven 25 to 30 minutes.

WHITE SOX ARE SHUT OUT BY NEW YORK TODAY

Continued From Page 1

New York—Burns fanned. Herzog flied to Felsch. Kauff was safe at second when J. Collins dropped his high fly. Zimmerman made an infield hit, Kauff going to third. Fletcher forced Zimmerman, McMullin to E. Collins. No runs, one hit, one error.

SECOND INNING

Chicago—Felsch fouled to Holke. Gandil fouled to Holke. Weaver singled to left center. Weaver stole second when Fletcher dropped Rairden's throw. Fletcher was given an error. Schalk flied to Burns. No runs, one hit, one error.

New York—Robertson singled to right. Holke forced Rairden, E. Collins unassisted. Rairden singled to center, Holke taking third. Benton flied to Felsch and Rairden took second on the throw in. Burns fanned. No runs, two hits, no errors.

THIRD INNING

Chicago—Cicotte fouled to Rairden. J. Collins out, Zimmerman to Holke. McMullin fouled to Rairden. No runs, no hits, no errors.

CORN CROP WILL BE BIGGEST ON RECORD

Field Agent Makes This Prediction If There is No Killing Frost Before Oct. 20

MONTHLY CROP REPORT MADE

Estimates Also Disclose That Wheat Crop in State is Much Larger This Year

If there is no killing frost before October 20, according to the prediction of George C. Bryant, Indiana field agent, Indiana this year will produce probably the largest corn crop on record in the state. The monthly weather and crop report for the state has just been issued. There was a heavy frost here Monday night, but the corn was far enough advanced not to be damaged by it. It is stated by farmers, however, that the frost dried up the fodder so that it is no longer of any value.

The Indiana crop summary says that "the weather for September was favorable to nearly all crops as a whole, although the temperature was slightly below normal. A killing frost occurred on the morning of the 11th in the north and east-central sections of the state doing considerable damage to corn and other crops in low and muck ground. Precipitation was generally deficient and the greater portion fell during the first week. While the soil in some localities is quite dry fall plowing and seeding is progressing very satisfactorily."

High ground corn was damaged, but little and in the central and south parts of the state there was practically no frost damage. The crop as a whole, however, is from 10 to 20 days late, but will mature one of the best and largest crops the state has ever produced if no killing frost occurs before October 20. But little damage has been reported from insects or storms and much of the frosted corn has been saved by putting it into silos.

"The oats yield is considerably above normal and the quality good although some are slightly stained. The early crop of potatoes was exceptionally good, but the late crop was struck by frost in some sections and will not be as large as was anticipated. In the dark district the tobacco crop is one of the best in years. The barley crop is not so good however. Unfavorable weather and poor plants reduced the barley very materially. Cold weather at blossoming time, and blight, blotch and codling moth have reduced the apple production very materially. Only the orchards where modern methods of spraying were used will have a marketable crop this year."

The October crop report, giving estimates on all important crops and a comparison with last year, is as follows:

Corn

Indiana:—Oct. 1 forecast, 206,000,000 bushels; production last year (December estimate), 174,658,000 bushels.

United States:—Oct. 1 forecast, 3,210,000,000 bushels; production last year (December estimate), 2,583,241,000 bushels.

All Wheat

Indiana:—Preliminary estimate 31,588,000 bushels; production last year, (December estimate), 19,440,000 bushels.

United States:—Preliminary estimate, 600,000,000 bushels; production last year (December estimate), 639,886,000 bushels.

Oats

Indiana:—Preliminary estimate, 76,400,000 bushels; production last year, (December estimate), 52,500,000 bushels.

United States:—Preliminary estimate, 1,580,000,000 bushels; production last year (December estimate), 1,251,992,000 bushels.

Rye

United States:—Preliminary estimate 56,044,000 bushels; production last year (December estimate) 47,383,000 bushels.

Tobacco

Indiana:—Oct. forecast, 13,400,000 pounds; production last year (December estimate), 13,764,000 pounds.

United States:—Oct. 1 forecast, 1,240,000,000 pounds; production last year (December estimate), 1,150,622,000 pounds.

Potatoes

Indiana:—Oct. 1 forecast, 8,870,000 bushels; production last year (December estimate), 3,256,000 bushels.

United States:—Oct. 1 forecast, 453,000,000 bushels; production last year (December estimate), 285,437,000 bushels.

All Hay

Indiana:—Preliminary estimate, 3,077,000 tons; production last year (December estimate), 3,403,000 tons.

United States:—Preliminary estimate 92,000,000 tons; production last year (December estimate) 109,786,000 tons.

Apples (Agricultural Crop.)

Indiana:—Oct. 1 forecast, 1,860,000 barrels of 3 bushels, production last year (December estimate), 1,307,000 barrels.

United States:—Oct. 1 forecast, 58,900,000 barrels of three bushels; production last year (December estimate), 67,415,000 barrels.

Peaches

Indiana:—Estimated production 1917, 592,000 bushels, production last year (December estimate), 888,000 bushels.

United States:—Estimated production 1917, 42,606,000 bu.; production last year (December estimate), 36,939,000 bushels.

Former Rushville Boy In Ambulance Co. at Camp Shelby

Elmo Demmer, son of Mr. and Mrs. Joe Demmer of Indianapolis, who were residents of this city until a few years ago, is in Ambulance company No. 3 at Camp Shelby, Miss., according to information contained in a letter he wrote to The Christian Visitor, published in Indianapolis. The letter follows:

Dear Sir—Just a few words in regard to Camp Shelby, the new home of the boys comprising Ambulance Company No. 3.

The camp is located about twelve miles from Hattiesburg and has excellent transportation facilities to and from that city. The site is on a large plateau, about three hundred feet above the sea level. This is exceedingly encouraging owing to the fact that it is absolutely immune from mosquitoes and other insects that tend to make one's life miserable. The noonday heat is sometimes excessive, but the nights are delightfully cool and our blankets come in quite handy.

Our eats are surely fine, owing to the untiring efforts of our mess sergeant, "Hickey" Morgan.

The Y. M. C. A., which has six branches located at different parts of the camp, is doing fine work among the boys. This particular organization shouldn't for one moment be overlooked, and is greatly appreciated by the Sammies. They have a large auditorium, reading room, piano and most everything to make the Sammies forget their troubles and make them content.

The sanitary conditions couldn't be better, and as yet we haven't had the slightest trace of sickness.

I think I can voice the opinion of the company that every one is perfectly happy and content and are willing to wage they are everyone going to try to "land" the kaiser.

Regards from the boys.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

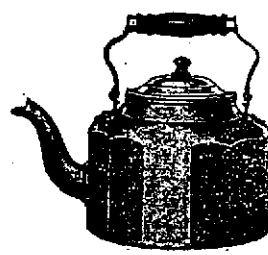

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Concerning External Growths Write to The Weber Sanatorium, 17 Garfield Place, Cincinnati, Ohio, for information concerning the Medical Treatment of All Forms of External Growths and Ulcerations (malignant and benign), involving breast, face, and other parts of the body. Established 25 years and well indorsed. Accommodations homelike and charges reasonable. Descriptive book free (Advertisement.)

FIGHT FOR YOUR LIFE

Duty Demands

Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by illness. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to illness after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, drabby, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, leucithin and iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "fall in" feeling and frail bodies are due to lack of leucithin and iron peptonate in the system.

Your mental and physical strength and endurance depend upon a leucithin-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any level.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your druggist's or direct from us for \$1.00 per package. It is well worth the price. The Bantel Remedies Co., Cincinnati, Ohio.

BANKERS MEETING OPENED

Two Days Session Under Way At Evansville

(By United Press.)

Evansville, Ind., Oct. 10.—The annual two day meeting of the Indiana Bankers' association opened here today. Greater co-operation between the bankers and farmers through organization of agricultural clubs and promotion of the live stock industry were the two main questions to come before the convention.

Mayor Benjamin Bosse delivered the address of welcome today. C. H. Worden president of the First and Hamilton National Bank, Ft. Wayne, Bishop Anderson of Cincinnati and Joseph L. Bayard, of Vincennes were the other speakers of the morning.

SCHOOL HAS PART IN SPECIAL WEEK

Supt. George Has Letter From State Head Urging Observance of Food Conservation Day

BIG PROGRAM IS OUTLINED

Will Open With Conservation Sunday in Churches And Every Agency is Invited to Help

C. M. George, superintendent of the Rush county schools, has received a letter from State Superintendent Ellis urging the importance of observing Food Conservation Day in the schools Friday, October 26. This will be only a small part of Food Conservation Week in Indiana, which will be the most extensive and intensive effort made yet in a patriotic way. Every element for the life of the state will be brought into the movement. The program for the week, as announced by the national food administration representative, Dr. H. E. Barnard, in this state, is something like this:

October 21, "Conservation Sunday," in all the churches of Indiana. This marks opening of Hoover Food Enrollment Campaign. Most of the ministers of the state have agreed to preach Conservation.

Meatless Tuesday, October 23, and meatless Friday, October 26. It is the hope of the Food Administration that this will mark the beginning of meatless days as a permanent institution in Indiana homes.

Wheatless dinners all week. Corn bread will be fashionable diets from October 21 to 28. It is the further hope of the Food Administration that this will mark the re-birth of corn meal as a regular staple article of food.

Conservation day rally, Wednesday October 24th. There will be a big meeting in Tomlinson Hall, Indianapolis, on the evening of this day under the auspices of the Marion County Council of Defense and similar Conservation meetings in every town in Indiana under the auspices of County Councils of Defense and Commercial Clubs.

Merchants Conservation day Thursday, October 25th. Stores will arrange special Conservation sales, with appropriate window displays, decorations, bargains, etc.

Conservation day in all schools, Friday October 26th. This day has been proclaimed for the purpose and occasion by Horace Ellis, State Superintendent of Public Instruction.

Whirlwind finish of campaign for signatures of 1,000,000 Indiana women in the Hoover Food Enrollment, who will be given cards by the United States Food Administration indicating their patriotism, for display in front windows; Saturday October 27th.

Day of prayer and praise for those who have gone out to fight Democracy's battle, who are to be sustained and maintained by a solid army of stay-at-home volunteers; Sunday October 28th.

A special campaign committee to enroll one million Indiana women in the Hoover food conservation movement has already been started in connection with plans for the week. Mrs. William F. Ochiltree of Connersville is the sixth district representative on the committee. Rush county is already well up in front in this work, more than six hundred women having enrolled at the county fair.

The letter from Mr. Ellis regarding Food Conservation Day in the schools is in part as follows:

"The food situation has become so acute that an extensive campaign must be made in order that the crisis we now face may be adequately met. I desire therefore to add my official recognition to the importance of the work undertaken by the United States Food Administration, and to give my hearty approval to the plan proposed by the Federal Food Administration of Indiana, to obtain Food Pledge Card signatures through the schools, and to distribute educational Conservation literature through the schools of this State."

QUARANTINE LAWS MUST BE OBSERVED

Only by This Means Will Diphtheria Epidemic be Stopped, Visiting Nurse Declares

WOMANS COUNCIL RESOLUTION

The Woman's Council reports that the visiting nurse made three hundred calls and three fumigations in September. Many of these were made in an attempt to detect suspicious symptoms of diphtheria. The visiting nurse is co-operating with all doctors and school authorities in every attempt to decrease the number of cases. She says, however, that conditions will be no better until the people who have it in their homes are made to observe the quarantine laws.

A committee composed of Miss Belle Gregg, Mrs. Jane Kincaid, Mrs. Louis Sexton offered the following resolutions at the last meeting:

"Resolved that the Woman's council regrets sincerely that on account of ill health, Mrs. A. G. Reeve, the president, has tendered her resignation. It was through the untiring efforts and zeal of Mrs. Reeve that the council, the object of which is the support and the promotion of the work of the visiting nurse; the furtherance of any work by its members pertaining to civic improvement and general welfare, was organized. Mrs. Reeve's knowledge of the duties of a nurse, her good judgment and progressive ideas have been of inestimable value to the council at all times, and the loss of her leadership will be deeply felt by all of the members."

Bowling Season Opens With Victory For K. of P.'s

The fraternal league bowling season opened last night with the Knights of Pythias team taking three games from the Elks. Two double century scores were posted during the evening, Capp of the Elks rolling a score of 204 in the second game and Nipp for the K. of P. team hitting the pins for 201 in the third game. The Masons and Odd Fellows will meet Friday night. The scores follow:

Knights of Pythias			
Wolcott	186	179	140
Camp	162	141	147
Nipp	184	158	201
Finley	155	147	170
Trennepohl	108	123	
Hogsett			153
Total	745	748	811
Elks			
Easley	168	127	151
Gunning	132	148	165
Sherman	123	130	156
Capp	105	204	137
Cross	172	125	168
Total	700	734	777

ULTIMATUM FOR GERMANY

Rome Report Says Her Allies Will Demand End Be Brought to War

Rome, Oct. 10.—Bulgaria, Turkey and Austria will present an ultimatum to Germany soon demanding that she take definite steps towards bringing the war to an end, according to a report received here. The ultimatum was expected to be presented at the forthcoming session of rulers of the central powers at Sofia.

"Already October 26th has been designated as Conservation Day in the Schools of Indiana, and it is on that day that the schools will end their campaign for Pledge Card signatures."

Every Indiana teacher will be supplied with a quantity of pledge cards, which, when signed will be exchanged each for the "Conservation outfit" consisting of the handsome tri-colored window card, the valuable book, "Ten Lessons in Conservation," and the Kitchen War Creed, prepared especially by Mr. Hoover.

On Conservation Day in the schools, there will be special exercises and in many schools, the reading of prize essays on "How Food Will Help Win the War," and the culmination of other contests among the children.

A Great Discovery

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations. As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Anuric acts; the pains and stiffness rapidly disappear.

The very best possible way to take care of yourself is to take a glass of hot water before meals and Anuric, the discovery of Dr. Pierce of Buffalo, N. Y. Step into any drug store and ask for a 50c. package of Anuric, which is many times more potent than lithia and eliminates uric acid almost as hot water melts sugar. A short trial will convince you.

WOULD TESTIFY.

Lewis, Ind.—"For a long time I suffered from backache, pain in left side, frequent kidney excretion, bothering me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of Anuric the discovery of Dr. Pierce, of the Invalids' Hotel, Buffalo, N. Y., and I at once began its use. After giving it a good trial I believe it to be the best kidney remedy on the market today. I have tried other kidney medicines, but these Anuric Tablets of Dr. Pierce's are the only ones, in my opinion, that will cure kidney and bladder troubles."—HENRY A. LOVE.

NOTICE TO PROPERTY OWNERS

Rushville, Indiana, October 2, 1917.
TO WHOM IT MAY CONCERN:
Notice is hereby given by the Common Council of the City of Rushville, Indiana, that on the 24 day of October, 1917, they approved an assessment roll showing the prima facie assessments for the following described public improvement of East Side of Cherry Street from Eleventh street north to the first alley north of Twelfth street as authorized by the improvement resolution named.
Persons interested in or affected by said described public improvement are hereby notified that the common council of said city has fixed as a date upon which remonstrance will be received or heard, against the amount assessed against each piece of property described in said roll, and will determine the question as to whether such lots or tracts of land have been or will be benefited in the amounts named on said roll, or in a greater or less sum than that named on said roll.
Said assessment roll showing said prima facie assessments with the names of owners and descriptions of property subject to be assessed, is on file and may be seen at the office of the City Clerk of said city.
CARE L. GUNNING, City Clerk.
